Report on the Financial Statements

We have audited the accompanying financial statements of KETR-FM Radio Station (“Station”), as of and for the years ended August 31, 2021 and 2020, and the related notes to the financial statements as listed in the table of contents.

Management’s Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor’s Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor’s judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity’s preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity’s internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of KETR-FM Radio Station as of August 31, 2021 and 2020, and the changes in financial position and cash flows thereof for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

Emphasis of Matter

As discussed in Note A, the financial statements present only the KETR-FM Radio Station and do not purport to, and do not present fairly the financial position of TAMU – Commerce as of August 31, 2021 and 2020, the changes in its financial position, or, where applicable, its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America. Our opinions are not modified with respect to this matter.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Station's basic financial statements. The schedules identified in the table of contents as other supplementary information are presented for the purpose of additional analysis and are not a required part of the basic financial statements.

The other supplementary schedules identified in the table of contents are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used in the preparation of the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statement and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or the basic financial statements themselves, and other additional procedures in accordance with the auditing standards generally accepted in the United States of America. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated March 14, 2022, on our consideration of the Station's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Station's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Station's internal control over financial reporting and compliance.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON
COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS
PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

Members of the Board:

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of KETR-FM Radio Station ("Station"), as of and for the years ended August 31, 2021, and 2020 and the related notes to the financial statements, which collectively comprise the Station's basic financial statements and have issued our report thereon dated March 14, 2022.

Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Station's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Station's internal control. Accordingly, we do not express an opinion on the effectiveness of the Station's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Station's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Station's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Station's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

MANAGEMENTS DISCUSSION AND ANALYSIS
YEARS ENDED AUGUST 31, 2021 and 2020**

This section of KETR-FM Radio Station's annual financial report presents our discussion and analysis of the Station's financial performance during the fiscal year. The fiscal year reflects a 12-month period beginning September 1 and ending August 31. This financial statement presents financial information as of August 31, 2021 and 2020 and the financial activities for the fiscal years ended August 31, 2021 and 2020. Please read it in conjunction with the Station's basic financial statements, which follow this section.

FINANCIAL HIGHLIGHTS

- The assets of KETR-FM Radio Station exceeded its liabilities as of August 31, 2021 and 2020 by \$ 591,446 and \$ 353,286 (net position), respectively.
- The Station's total net position increased by \$ 238,160 during the current fiscal year.
- Approximately 44% of net position, or \$ 261,052 is available for spending at the Radio Station's discretion.
- The Station has no long-term debt at year end for each fiscal period presented.

This discussion and analysis is intended to serve as an introduction to the KETR-FM Radio Station's basic financial statements. The station's basic financial statements consist of two components: 1) fund financial statements and 2) notes to the financial statements. In addition to the basic financial statements, this report contains other supplemental information that will enhance the reader's understanding of the financial condition of KETR-FM Radio Station.

The Station operates as a proprietary fund type and presents its financial statements using the economic resources measurement focus and the full accrual basis of accounting. As a proprietary fund, the Station's basic financial statements include:

- Statement of Fund Net Position
- Statement of Revenues, Expenses and Changes in Fund Net Position
- Statement of Cash Flows
- Notes to the Basic Financial Statements

The Statement of Fund Net Position includes all of the Station's assets and liabilities, with the difference between the two reported as net position. Net position is displayed in three categories:

- Net Investment in Capital Assets
- Restricted
- Unrestricted

OVERVIEW OF THE FINANCIAL STATEMENTS

Financial Statements – the financial statements are designed to provide readers with an overview of the Station's finances, in a manner similar to a typical private-sector business.

The *Statement of Fund Net Position* presents information on all of the Station's assets and liabilities, with the difference between the two reported as net position. Net position is displayed in three categories: (1) net investment in capital assets, (2) restricted and (3) unrestricted. Over time increases and decreased in net position can serve as a useful indicator of the long-term trend of the Station's financial position.

The *Statement of Revenue, Expenses and Changes in Fund Net Position* shows activities and changes during the fiscal year. Changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of the related cash flow. Thus, revenues and expenses are reported for some items that will not affect cash flow until future fiscal periods (e.g. earned, but unused, vacation leave and accounts receivable for services).

MANAGEMENTS DISCUSSION AND ANALYSIS
YEARS ENDED AUGUST 31, 2021 and 2020**

Overview of the Financial Statements (Continued)

The *Statement of Cash Flows* presents information showing the Station's cash activities, cash receipts and cash disbursements. The Statement of Cash Flows is presented in three broad categories (1) cash flows from operating activities, (2) cash flows from non-capital and related financing activities, and (3) cash flows from capital and related financing activities. The Statement of Cash Flows is a useful tool in understanding the Station's cash position and the reasons behind the position.

Notes to the Financial Statements – the accompanying notes to the financial statements provide information essential to a complete understanding of the data provided in the basic fund financial statements. The notes include information about various financial statement elements. The notes to the financial statements begin immediately following the basic financial statements.

Supplemental Information – includes is a budgetary comparison schedule to enhance the reader's understanding of the Station's operations.

Net position may serve over time as one useful indicator of the Station's financial condition. The assets of the Station exceed liabilities by \$ 591,446 and \$ 353,286 as of August 31, 2021 and 2020, respectively. The Station's net position increased by \$ 238,160 and \$ 134,599 for the fiscal years ended August 31, 2021 and 2020, respectively. The station's net investment in capital assets represents 7%, or \$ 41,390, of the total net position and includes transmission equipment, tower, broadcasting equipment and furniture and fixtures. The Station uses these capital assets to provide services to listeners; consequently, these assets are not available for future spending. Although the Station's investments in capital assets are not encumbered by indebtedness, they are not available to satisfy any outstanding liabilities. An additional portion of the Station's net position, 48.87% or, \$ 289,004 represents resources that are subject to external restrictions on how they can be used. The remaining balance of \$ 261,052, represents resources that may be used for any purpose related to the operation of the Station.

**KETR-FM RADIO STATION
MANAGEMENTS DISCUSSION AND ANALYSIS
YEARS ENDED AUGUST 31, 2021 and 2020**

The Station received \$ 330,284 and \$ 245,192 in grant funding from the Corporation for Public Broadcasting for the years ended August 31, 2021 and 2020. The restricted fund balance at August 31, 2021 and 2020 represents the funds remaining unspent from CPB grants from the current and prior years. The radio station's private donations and corporate underwriting decreased during fiscal year 2021, by \$ 6,561, or 12.3%. The Station as a whole is primarily reliant on university appropriations, corporate and private underwriting, and grant funding from the Corporation for Public Broadcasting.

CAPITAL ASSET AND DEBT ADMINISTRATION

Capital Assets

At the end of fiscal year 2021 and 2020, the Station had invested \$ 315,124 and \$ 315,124 respectfully, in a broad range of capital assets, including its transmitter, tower and antennae, broadcasting equipment and furniture and fixtures. Depreciation of all capital assets is estimated at \$ 9,580 and \$ 9,194 for each of the 2021 and 2020 fiscal years. A reclassification of capital assets occurred during the 2020 fiscal year thus presenting changes in totals under the various classifications with the total capital asset values only reduced by disposed assets.

**KETR-FM RADIO STATION
NOTES TO THE FINANCIAL STATEMENTS
YEARS ENDED AUGUST 31, 2021 and 2020**

A. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

KETR-FM Radio Station (“Station”) began broadcasting on the air April 7, 1975. It began as a Teaching-Laboratory for students at East Texas State University. In the early 1980s, FCC approved KETR to raise the tower height and to increase power from 7,500 watts to 100,000 watts. This increased the station’s broadcast range from 20 miles to 75 miles. The Station has rejoined the National Public Radio programming and has moved in the direction of online and digital programming with KETR.org and a new digital transmitter that offers the opportunity to begin HD broadcasts in the future. The Station is committed to providing the northeast Texas citizens and the Texas A&M University-Commerce community with entertaining, educational and informative programming along with serving as a learning environment for university students to pursue excellence in broadcasting.

KETR-FM Radio Station is a department of Texas A & M – Commerce University. These financial statements present only the activities and financial information of the KETR-FM Radio Station department. The Texas A & M – Commerce University business office provides the accounting processes and procedures for the Station.

The financial statements of the Station have been prepared in conformity with accounting principles generally accepted in the United States of America (“GAAP”). Generally accepted accounting principles include those prescribed by the Governmental Accounting Standards Board (“GASB”) and the American institute of Certified Public Accountants in the publication entitled *State and Local Governments- Audit and Accounting guide*. The more significant accounting policies of the Station are described below.

1. Reporting Entity

The Station is a financial reporting entity as defined by GASB Statement No. 14, *“The Financial Reporting Entity”* as amended by GASB Statement No. 39, *“Determining Whether Certain Organizations Are Component Units.”* Under GASB Statement No. 14, component units are organizations for which the Station is financially accountable and all other organizations for which the nature and significance of their relationship with the Station are such that exclusion would cause the reporting entity’s financial statements to be misleading or incomplete. As of August 31, 2021, the Station does not have any component units.

In addition, GASB Statement No. 61 considers an organization that does not meet the financial accountability criteria to be included as a component unit if management’s professional judgement determines it to be necessary and misleading if omitted. This evaluation includes consideration of whether a financial benefit or burden exists in the relationship between the entities. Management has not identified any additional organizations that fit these criteria.

2. Basis of Presentation, Basis of Accounting

The Station is a special purpose government engaged in only in only business-type activities. In accordance with GASB Statement 34, Basic Financial Statements and Management’s Discussion and Analysis for State and Local Governments, the Station is required to present only financial statements for enterprise funds, along with management’s discussion and analysis (MD&A), notes to the financial statements and other required supplementary information (RSI).

The accounts of the Station are organized on the basis of funds and account groups, each of which is considered to be a separate entity. The operations of each fund or account group are summarized by providing a separate set of self-balancing accounts which include its assets, liabilities, net position, revenues, and expenses. The fund type utilized by the Station is described below.

The Proprietary Fund is used to account for the operations of KETR-FM Radio Station as it provides broadcast programming to those in its listening area and internet radio streaming services.

A. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

2. Basis of Presentation, Basis of Accounting (Continued)

Proprietary funds distinguish operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing services and producing and delivering services in connection with a proprietary fund's principal ongoing operations. Operating expenses for the proprietary fund include the cost of production, programming, broadcasting, fundraising, administration, and depreciation on capital assets. All revenues and expenses not meeting these definitions are reported as non – operating revenues and expense. When both restricted and unrestricted funds are available for use, it is the Station's policy to use its restricted resources first, then unrestricted resources as they are needed.

Proprietary fund financial statements are reported using the economic resources measurement focus and the accrual method of accounting. Revenues are recorded when earned and expenses are recorded at the time the liabilities are incurred, regardless of when the related cash flows take place. Grants and similar items are recognized as revenue as soon as all the eligibility requirements are met. Proprietary Fund financial statements follow accounting rules set forth by the Governmental Accounting Standards Board; these principles have been codified in GASB Statement No. 62.

Proprietary funds distinguish operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing services in connection with a proprietary fund's principal ongoing operations. Operating expenses for the proprietary funds include the cost of personnel and contractual services, supplies, and depreciation on capital assets. All revenues and expenses not meeting the definition are reported as non-operating revenues and expenses.

The Station's only operating activity is the broadcast of public radio programming to its listeners within an area limited by its broadcast signal strength. It also streams its on-air programming via its internet website. The statements, exhibits and supplemental schedule were prepared on the accrual basis of accounting except for the statement of cash flows, which is a cash basis statement.

3. Financial Statement Amounts

a. Cash and Cash Equivalents

For the purpose of the statement of cash flows, highly liquid investments are considered to be cash equivalents if they have a maturity of three months or less when purchased.

b. Budget

The Station's budget represents revenues, expenses, and transfers as approved by the University's Administration. The Budget is prepared using the accrual basis of accounting.

c. Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, disclosure of contingent assets and liabilities are the date of the financial statements and the reported amounts of revenue and expenses during the period, Actual results may differ from those estimates.

d. Prepaid Items

Certain payments to vendors reflect cost applicable to future accounting periods and are recorded as prepaid items.
