

Rank how you believe the district should allocate funding to different resources and activities listed below:

- **Full-time assistant principals** to support safety, student behavior, and instructional leadership
- **Mental health staff expansion** including counselors, social workers, and behavior support specialists at every school
- **Instructional coaches and facilitators** to provide ongoing teacher support and professional development at each school
- **Bilingual family support staff** for translation, communication, and inclusive engagement with families
- **Restored summer work hours for administrators** to allow adequate time for planning, scheduling, and preparation
- **Technology device refresh** including updated Chromebooks and other classroom technology
- **Additional Exceptional Children's support** for students and teachers
- **Athletic directors restored to 11- or 12-month positions** to support year-round programming
- **Co-teaching training and staffing** to improve support for students with disabilities in general education classrooms
- **Tutoring and homework help services** to provide additional academic support to students
- **Dedicated testing coordinators** to manage assessments and free up administrators for other duties
- **Central Office audit and reorganization** to reduce duplication, improve responsiveness, and streamline communication with schools
- **Expanded extracurricular and belonging programs** to address student engagement and root causes of behavioral challenges
- **Extra funding for lower-performing schools** to support unique needs of students and families in those school communities

(Optional) If you think any important funding categories are missing, please list up to 5 additional ones in the text boxes.

- **Transportation improvements** to address efficiency and communication concerns
- **School Closures and Mergers**
- **Magnet Programming Evaluation**
