The House
That Norm Built
Monday, October 3, 9:00 pm

After over four decades, This Old House’s Master Carpenter and pioneer of the home improvement television genre, Norm Abram is officially leaving the show and hanging up his toolbelt. A tribute special chronicles 43 years of Norm’s incredible career featuring classic moments, archived footage, interviews and memories from celebrities, friends and peers. Norm’s inspiration reached far and wide for a humble man who became a national celebrity through his uncompromising craftsmanship, trademark plaid shirt, impersonations on popular sitcoms, bits on late night TV shows and as the ultimate authority in home improvement.
We just wrapped up our September book club meeting with author Morgan Talty and it was exceptional. Hosted by Cindy Han, the event provided some really interesting insights into the author and his novel, *Night of the Living Rez*. If you missed the meeting, we have archived it for you on mainepublic.org.

Keep in mind that we have two more books to go this year! Our October/November book club selection is *Almost Maine* by John Cariani, and our December book selection is *Downeast: Five Maine Girls and the Unseen Story of Rural America* by Gigi Georges. You can pick up a copy of each of these books at any of our book club sponsor – *Bull Moose* – locations or from any of these book club partner bookstores: BookStacks in Bucksport, Left Bank Books in Belfast, Nonesuch Books & More in South Portland, Print in Portland, Sherman’s Maine Coast Book Shops, and DDG Booksellers in Farmington.

As you are reading both of these works and think of a question or two for the authors, email them to us at fun@mainepublic.org or send us over a note by postal to Allison/Maine Public, 323 Marginal Way, Portland, Maine 04101.

**News & Brews Trivia Nights Roll On!**

Our News & Brews trivia nights are gaining momentum, and we have three events scheduled for this month. Maine Public is partnering with some of Maine’s best brew pubs (Side By Each in Auburn, Fogtown Brewing Company in Ellsworth, Rising Tide Brewing and Austin Street Brewery in Portland, and Maine Beer Company in Freeport) and testing attendees on current events, Maine Public and NPR news stories, and all around knowledge. Our first few events have been a lot of fun!

We will be at Maine Beer Company on October 12th, Austin Street Brewery on October 17th, and Rising Tide Brewing on October 19th. Want to join in? The first step is to form a team and come up with a team name. We encourage teams to consist of no more than five persons. Next, look at the Trivia Night Schedule on mainepublic.org and register your team to play by contacting Allison at Anew@mainepublic.org. Let her know your team’s name, the number of players on your team, and the Trivia Night event you will be attending. That’s it!

A BIG shout out to the team at *Live + Work in Maine* for their support of News & Brews and helping make these events possible.

**Stronger Maine Public Classical Signal in Western Maine**

Attention Maine Public Classical lovers in the Fryeburg area! Maine Public has recently changed the broadcast frequency of WBQF from 91.5 to 91.7! Seems like a small adjustment, but it’s a BIG change for many people in the area. We have moved our transmitter to an entirely new location and now more classical fans than ever before can hear Maine Public Classical. You can now tune into classical music while travelling U.S. Route 302 between Portland and New Hampshire. Can’t get the new signal? You can always stream Maine Public Classical live at www.mainepublic.org. Enjoy!

Keep It a Secret
Thursday, October 20, 9:00 pm; Saturday, October 22, 2:00 pm

An inspiring true story of the dawn of Irish surfing recalls how the sport's brave pioneers gathered for competitions despite dangerous turmoil in Ireland. In 1972, teams from around the world refused to travel to Ireland amid the height of The Troubles, the violent conflict that took place between Northern Ireland and The Republic of Ireland. Every international sporting event in Ireland was cancelled, except for one.

The only group of athletes bold enough to risk traveling in Ireland at this turbulent time were surfers. Surfers from around the globe descended upon the coastal village of Lahinch for the 1972 Eurosurf Championship, the largest surfing event in all of Europe. Here surfers from both sides of the divided island would forget about the civil strife and celebrate their shared love of the sport by riding the country’s majestic waves. For these surfers, there were no borders, only the endless freedom of the ocean.

Annika on Masterpiece
Begins Sunday, October 16, 10:00 pm

Fishing bodies from the waters around Glasgow, Scotland, DI Annika Strandhed and her newly-formed Marine Homicide Unit face a steady stream of murders in a new series starring Nicola Walker as the title character. Confiding her thoughts directly to viewers, Annika juggles baffling cases and a rebellious teenage daughter. The former are easier to solve than the latter.

Walker is joined by Jamie Sives as DS Michael McAndrews, Annika’s old colleague who resents being passed over for the DI job but performs at full throttle as her second-in-command; Katie Leung as DC Blair Ferguson, the forensic brains behind the unit; and Ukweli Roach as DS Tyrone Clarke, the new cop at the station. Also appearing are Silvie Furneaux as Morgan, Annika’s daughter, and Paul McGann as Morgan’s therapist Jake Strathearn, who develops into something of a soul mate for single mom Annika.

While other TV detectives discuss the case exclusively with their team, Annika addresses viewers directly, “breaking the fourth wall” that separates the action from the audience. “With most characters there is so much subtext,” notes Walker, “but there is no subtext with Annika because the subtext is her talking directly to you and telling you what she feels. By the end, we are going to know her as well as she knows herself.”

Win/Win Fall Vehicle Donation Campaign ends this month!

We find ourselves pretty quickly into the second month of our vehicle donation campaign, but don’t worry, there’s still plenty of time to join in. Each year, we partner with the team at Lee Auto Malls and they provide a $500 Lee Thank You Reward good toward the purchase of any new or used car at any Lee Auto Malls location to every person who donates a vehicle to Maine Public. It’s a great opportunity to donate that unneeded car or truck and get a financial head start on securing a different vehicle.

The many additional benefits of donating a car or truck to Maine Public include clearing up space in your yard or driveway, your vehicle is towed away for free, you may get a tax deduction, and your donation helps keep the television and radio programs you love on the air across Maine.

If you are interested in donating a car or truck to Maine Public AND you are starting to think about purchasing a replacement vehicle, this is the ideal win/win time to do it! Vehicle donations make a big difference here at the station, and last year, over 1,000 cars were donated to support Maine Public’s programming. Keep in mind that you must use any Lee $500 Thank You Reward before the end of the year (December 31, 2022) and only one Lee Reward can be used for each car purchase. Go to our website, mainepublic.org, to get started OR give our Audience Services Team a call at 1-800-884-1717 and they can answer all your questions.

Making Black America: Through the Grapevine
Begins Tuesday, October 4, at 9:00 pm

A four-hour series, hosted by Henry Louis Gates, Jr., introduces viewers to a world that showcases Black people’s ability to collectively prosper, defy white supremacy and define Blackness in ways that transformed America itself. Making Black America chronicles the vast social networks and organizations created by and for Black people beyond the reach of the “White gaze.” The series recounts the establishment of the Prince Hall Masons in 1775 through the formation of all-Black towns and business districts, Historically Black Colleges and Universities, destinations for leisure, and the social media phenomenon of Black Twitter.

NOVA continues its fall line-up with *Rebuilding Notre Dame* on October 5. In April 2019, the world watched as a devastating fire almost destroyed Paris’s iconic Notre Dame Cathedral. Now, engineers, masons and timber workers are tackling the daunting challenges of restoring the historic landmark. (Photo: Hubert Hitier.)

*Computers v. Crime* on October 12 takes a close look at artificial intelligence and how it is being used in the criminal justice system. A.I. is helping inform decisions about policing and criminal sentencing, but there are hidden biases, privacy risks and design flaws in this controversial technology.

*Can Psychedelics Cure* on October 19 explores mind-altering drugs. Psychedelics have been used for thousands of years, but today, scientists are discovering their potential for profoundly positive clinical impacts, helping patients struggling with afflictions like addiction and depression. (Photo: Alexander Volkov.)

*Ocean Invaders* on October 26 studies a species with no known predators. The lionfish, a long-standing showstopper in home aquariums, have invaded the Atlantic. Host Danni Washington investigates what makes the lionfish such a successful invasive species, how it’s wreaking havoc, and what can be done about it. ■
