So... about 2021.

December is the time to think about what you’re going to do to meet your newsroom’s needs for the new year. More than 150 news organizations have participated in our annual "What’s New in 2021?" survey. Here’s what you said.

We're Engaged!

We're happy to see everyone积极参与 survey responses.

How do you stay engaged with your local news? Let us know what you did over the holidays and what you plan to do in the new year.

We want to know: What made you active again? Did something big happen? Was it that time of the year when you had extra time to read and learn? Whatever it was, we're here to listen.

See the full "Engagement" playlist here.

The journalists we spoke with shared advice from the past year on how to keep up with the rapid pace of news. We asked them to share their strategies for managing the constant flow of information and how they stay focused on what's important.

The tips and tricks of staying engaged will vary depending on your newsroom’s needs, but we hope this playlist offers some inspiration.
