## Flex your love for public media in Maine!

### Flex your love for public media!

Donate your unneeded car or truck to Maine Public this February to support the work we do and be entered into a random drawing for an Annual Unlimited Membership (value of \$2,190) at Crisp Classes in Scarborough (or a comparable exercise venue outside of

Southern Maine)! Crisp classes include Heated Yoga, Boot Camp, Pilates, and Cardio (Hustle).

Your donated vehicle will power trusted journalism, classical music, and local stories that serve communities across our state. One flex and you'll support public media all year long! Donating a vehicle to Maine Public starts by calling 877-672-6644. We will work with you on setting up a time that is easy and convenient for you to pick up your car or truck. Once your vehicle is accepted by Maine Public, your name will be put into the drawing. Drawing will be held on Friday, February 27, 2026. *Good luck!*

## Program Notes...

February may be the shortest month of the year, but it is brimming with great programming for you! On Maine Public Classical, we have just introduced our exciting, refreshed schedule with delightful new local features, including Gale Parmelee's *Breakfast with Bach*, Emily Duncan Wilson's *Nature Notes*, and *Sunday Brunch* with Sarah Tuttle. Also new to the Classical schedule are **Fiesta** (Saturday evenings at 6:00) and **Chamber Music Society of Lincoln Center** (Sunday evenings at 7:00).

Maine Public Television offers the continuation of our new local music series, **Sound Waves** featuring performances by The Mallett Brothers Band, Noel Paul Stookey, Oshima Brothers, and more! We'll also see new episodes of **Finding Your Roots**, **All Creatures Great and Small** (season finale on February 22!), and **Antiques Roadshow** – including the first two of three episodes filmed last summer at Coastal Maine Botanical Gardens!

We'll also bring a fascinating new series to Thursday evenings – **From That Small Island: The Story of the Irish**. This ambitious, four-part documentary series tells the story of the Irish from the very first inhabitants to the present day, tracing the ebb and flow of people into and out of the island.

And at the end of February, the **Maine Principals' Association High School Basketball Championship Weekend** returns to Maine Public for the 46th year! At press time, we are still working out the final broadcast schedule. Be sure to check out [MainePublic.org](http://MainePublic.org) for all the days, times, and channels!

– Susan Tran, *Chief Programming Officer*

## From That Small Island: The Story of the Irish

*Begins Thursday,  
February 5, 10:00 pm*

Who are the Irish and where did they come from? Shot on location in 17 countries worldwide, a groundbreaking four-part documentary tells a compelling narrative of Ireland and its

people. It begins by looking at the fascinating jigsaw of Ireland's earliest inhabitants and how the coming of Christianity transformed the island. The complex legacy of the Vikings and the arrival of the Normans are explored. The story continues with the rise of the Tudors which also coincided with the Protestant reformation. The third hour follows the first Irish diaspora to Europe in the 1600s as a result of events at home and then later to various destinations in the New World. Finally, in modern times, two million Irish people emigrated in the immediate aftermath of the Famine. By 1850, the Irish were the biggest single ethnicity in the USA. ■

### Starring the Flock

Thursday, February 5, 9:40 pm;

Saturday, February 7, 2:40 pm;

Sunday, February 8, 4:40 pm

He has been called the “bird man,” “shepherd of the flock” and “the pigeon whisperer.” Starr Sarabia has formed loving friendships with birds, specifically the pigeons on Congress Street in Portland, Maine. Over the last 20 years, he has tried to break the stereotypes many people have of pigeons. Using education and information, he says, “I want people to know they are peaceful, they’re the sweetest birds ever, they’re super smart.” Starr is also a poet and has written many poems about the wonder and beauty of birds.

## maine public Kids Club

### Maine Public’s Kids Club Begins

We have just launched a program that we are really excited about that follows up nicely with the childhood literacy focus of our Daniel Tiger tours. We have started a Kids Club with the goal to engage children in the 3 to 8 age range with books, games, and activities that educate and energize. Educational fun is our theme!

We are starting with 200 children and will be including an additional 300 children by early spring. At this point in time, all Kids Club spots have been claimed. Each child enrolled in the **Maine Public Kids Club** will receive an age-appropriate Kids Club box full of activities, a yearly birthday card in the mail, and have their first name, last initial, and birthday announced on Maine Public’s website. It took less than 24 hours to meet the club’s capacity, and we’ve started a waitlist for next year. Go to the LEARN tab on our website, [mainepublic.org](http://mainepublic.org), for more information about the club. The Maine Public Kids Club is made possible through the generous support of Treehouse Toys. ■

## Catch Maine on the Antiques Roadshow!

With newly discovered treasures from across the country (including a look back at historic items with roots in the American Revolution), **Antiques Roadshow's** celebratory Season 30 is full of wow-worthy TV that includes three episodes shot at the Coastal Maine Botanical Gardens in Boothbay! This month, two of those episodes will air on Maine Public Television on **Monday the 16<sup>th</sup>** and **Monday the 23<sup>rd</sup>**.

What treasures were discovered in Maine? A Cartier sapphire pendant, ca. 1915, a 1963 C. F. Martin D-28 guitar and case, and a Paul Revere Jr. silver pitcher and diary, ca. 1775, were among the finds. Surprising treasures included in Maine are a Teenage Mutant Ninja Turtles archive, ca. 1984, a 1920 James Joyce-signed book, and a diamond and natural pearl pin, ca. 1920. An especially poignant piece of history was uncovered in a 1962 letter written by Dr. Martin Luther King, Jr. to a Unitarian minister who actively supported the Civil Rights efforts of the time. The letter holds extraordinary value in both its rarity and message. The stories behind these finds and other Maine treasures make for must-see television this month! ■

## The Librarians on Independent Lens

Monday, February 9,  
10:00 pm

When lawmakers seek to review a list of books, librarians find themselves on the frontlines of a national battle. Across the U.S., librarians face the impact of uniting against library collection standards that include restrictions on race-related and LGBTQIA+ content. **The Librarians** is a gripping, human look at the escalating wave of book bans unfolding across the United States. The program takes viewers from Texas to Florida and beyond, where local libraries have become unexpected battlegrounds in a national struggle over parental control, intellectual freedom, and democracy itself. The film captures the courage and resilience of the everyday heroes, librarians, as well as concerned parents and students flanking them, who have become first responders in the fight for the freedom to read, standing defiantly against censorship at all costs. ■

# HIGHLAND GREEN

An **uncompromising, carefree lifestyle** and a move that is much easier than you might think

*Our residents concur...* Born and raised in Northern Virginia, Southern Maryland residents for 20 years, then owners of a sprawling home on 45 acres in the mountains of Bethel, Maine, Allan and Mary moved to Highland Green.

We both fell in love with Highland Green at first sight. We also love how much easier life has become at Highland Green and how close we are to everything that Portland has to offer. Plus, the home building process is so much simpler when Highland Green is guiding you. Highland Green's team of top-notch experts ensured that our building process was spectacular and our move was a well-tuned orchestra from start to finish."
