When it comes to education, NPR Listeners are your best customers!

Our listeners appreciate the merits of gaining an education, and have the disposable income to maintain it outside the classroom. Compared with the U.S. population as a whole, NPR news listeners are:

- 10% more likely to say “My friends/family often ask for and trust my advice” on education
- 13% more likely to say “I have a great deal of knowledge/experience” on the topic of education
- 22% more likely to have taken out a loan solely for education expenses
- 44% more likely to work in Pre-School through high school education
- 57% more likely to have purchased educational programs online in the past year
- 85% more likely to have bought 15+ books in the past year
- 95% more likely to contribute to an educational charitable organization
- 204% more likely to work in college education
- 72% more likely to have a household income of $150,000+
- 103% more likely to have a household income of $200,000+
- 127% more likely to have a Bachelor’s degree or more
- 226% more likely to hold an advanced college degree
