[REDACTED] Phi Sigma Kappa at Western Michigan University

[REDACTED],

This letter is to inform you that **effective immediately and until further notice**, the Phi Sigma Kappa chapter affiliated with the campus of Western Michigan University is ordered to cease and desist from all organization activities (including but not limited to chapter meetings, new member activities, social events, other programs, and participation in other organizations' programs and events) pending an investigation surrounding events that may or may not have taken place on the weekend of October 15-18th. This interim suspension is being enacted in response to the notification from your national headquarters. The basis for this response can be found in the RSO Handbook, under Interim Suspension:

At the discretion of the designated Office of Student Engagement staff, an organization may be suspended for an interim period pending a conference for review of allegations when there is reasonable cause to believe that continued activities of the organization and its members may cause an immediate threat and/or excessive concern within the University community. Upon notification of interim suspension, the RSO is required to cease all organizational activities immediately.

Failure to comply with this official request may result in suspension of Phi Sigma Kappa as a registered student organization. We will continue to communicate with you and your national headquarter representative throughout the investigation. We appreciate your full cooperation. If you have any questions, please call me at 269-387-2117.

Respectfully,

Chris Sligh, Director, Office of Student Engagement

Western Michigan University
