January 19, 2026 KVNF Regular meeting of the Board of Directors Montrose Colorado

Public Comment by Meg O'Shaughnessy

I would like to begin by expressing my appreciation for the ways that members of KVNF's Board of Directors have reached out to meet with me in my role as representative, to hear and reflect concerns regarding the sequence of events that led to a straw poll vote taken at the October KVNF meeting at the Midway schoolhouse, on a motion made by Bob Pennetta, regarding bylaw changes.

I speak on behalf of a growing number of members, many of whom have also served in essential roles at KVNF since its inception and who continue to be dedicated and generous supporters. Many of the sentiments and phrases included in my comment today are the direct expression of these individuals.

While we grant that actions taken by the Board of Directors were most likely fully well intentioned, we continue to be stymied by what need for speed led to the July decision to amend bylaws, including creating new structures for the election of board members, what imperative was presenting that the board chose to act on its own, just three months prior to the KVNF Annual Membership Meeting held each year in October, when board members and bylaw changes were voted on in every previous year.

As many with experience in KVNF management, staff and board positions have noted, had the board of directors brought these bylaw changes through the process prescribed by the bylaws in operation at the time of the July 2025 board meeting, and followed each of the timing guidelines with the intention of bringing these proposed changes before the membership at the annual meeting, with rationale for the changes communicated through ballots made available 30 days prior the annual meeting, there is a strong possibility that the membership would have voted for these changes.

As we the undersigned move forward in planning for a special meeting of the membership to be held in Hotchkiss in April 2026, we recommend, and we request that the board refrain from making any further changes to the 2020 bylaws.

We hope you will join us in welcoming a special meeting of the membership as an opportunity to restore proper sequence, and remedy any unintentional error.

We consider this a valuable opportunity because at a fresh membership meeting, we all can get on the same page that it's important, in this time, in our country and as this public radio station that we demonstrate fairness, fair voting and following the rules that we agreed upon. As individuals and as community, we aspire to owning when there is something that needs to be fixed, admitting the wrong and doing the right thing going forward. In the words of one founding member considering the best course at this juncture, "We need a reset."

We hold the commitment to convening a special meeting as a great opportunity for the board to show the membership that these are values also held by members of the board, who can see the opportunity for increased involvement and renewed trust.

Sincerely,

Bob Pennetta, Liz Lillien, Patrick Webb, Judy Briscoe, Donna Littlefield, Jeff Reynolds, Kris Sutton, Elaine Brett, Campbell Stanton, Meg O'Shaughnessy, Nicole Didero, Sarah Bishop, Karen Ortiz
