To Our Congressmembers and Senators:

We are faith leaders standing with our neighbors in Springfield, Ohio. We are heartbroken and alarmed by the actions of ICE in our communities. Our faith traditions are not the same, but they are united by a commitment to the human dignity and worth we all share in common, regardless of where someone comes from, what they look like, or where they live.

Springfield's Haitian community did not arrive as a burden on this city. They came to work, and they stayed to build lives here: raising families, opening small businesses and restaurants, and filling essential jobs in manufacturing, healthcare, warehouses, and the service industry. In the years since, Springfield has seen wage growth outpacing the rest of Ohio and the country, and a local economy that many had written off is showing signs of real revival. These are our neighbors. They sit in our pews, send their children to school with ours, and have helped bring a part of our state back from decline.

Since the Supreme Court cleared the way to end Temporary Protected Status for Haitian nationals, and that protection formally expired on July 27, ICE has moved aggressively into Springfield, a city more than 12,000 Haitian neighbors call home. Agents have detained at least 29 people in recent weeks, arresting parents at gas stations and car washes, in shopping plaza parking lots, and at apartment complexes. ICE has even used our Haitian neighbors' faithful attendance at their churches as a strategy against them. As faith leaders and people of conscience, we cannot accept this infringement of religious freedom and expression.

On Thursday, August 20, Pastor Gilbert Joubert Adrien was detained at a gas station, alarming his congregation and the community that relies on him. Since then he has remained in custody, facing an uncertain future, and has refused to eat. Others have been summoned to ICE offices and released only with ankle monitors. Many of those detained are being held at the Butler County Jail, which as of this week was holding 1,105 people against a recommended capacity of 756.

As faith leaders, we urge you to:

- Call for ICE to cease operations in Springfield immediately.
- Release Pastor Joubert Adrien
- Support efforts to restore Temporary Protected Status for Haitian nationals and create a pathway to permanent residence and citizenship for our Haitian neighbors.
- Demand an end to the dehumanizing and shameful practice of placing ankle monitors on people who have committed no crime, and who have done nothing but follow the rules they were given while seeking safety for their families.

In times of crisis, our faith traditions and sacred texts call on us to act, not only in words but in deeds. They call us to care for those at greatest risk, to stand against injustice, and to work for the needs of our communities. We have watched too many moments like this one unfold across this country over the last several years. We know what injustice looks like, and we know what it means to take action.

As Ohio's elected leaders, you have direct oversight authority over the agency carrying out these actions, and a direct obligation to the people of Springfield. We are asking you to use that power now, while this is happening, to call for accountability and to stand with the families and congregations living through this.

Signed,
