

BUT WHY

A Learning Guide

Kindergarten to Grade 3

But Why is a podcast led by you, kids! It's a big interesting world out there. Kids all over the world send us questions, and we find the answers. We've created these learning guides to be used in a classroom setting or at home. Listen to each episode and use this guide to deepen your understanding of what you've heard.

How are constellations formed?

BIG QUESTION: Why do we only see stars at night?

Draw or write
in the box.

Draw one of the constellations!

Constellations are just patterns or shapes in the sky. There are 88 official constellations recognized by astronomers now, but there have been thousands identified over the centuries in different cultures.

What other
questions do you
have about this
topic? How will
you find the
answer?

Ask an expert. Who?

Find a safe source. Where?

What will you ask?
