DOMESTIC VIOLENCE – BATTERY HOUSEHOLD MEMBER
INTERFERENCE WITH COMMUNICATIONS

SYNOPSIS:

Sherlene Jones did not show for the scheduled VAC meeting however I did speak with her via telephone.

Thursday, 04/22/2010, 1405 hours. I spoke to Sherleen Jones over the phone in reference to her case. I advised Ms. Jones that we were trying to get a hold of her last week in reference to her case. She advised that her husband had taken the cell phone and she had to get new cell phone service. She provided me with her new cell phone number as 330-8672. She advised it was OK to publish the phone number in the report as Mr. Jones knows the number as they have been in contact for child exchange.

Mrs. Jones told me that she has an Order of Protection on her husband, Justin Jones and she has retained their 4604 Atlantic residence. She inquired about any procedures of the case and wanted to know who to talk to press charges. I explained that the State of New Mexico has taken over the charges. She has retained attorney, Mitch Burns for the civil aspects of her case.

I asked Ms. Jones if her husband has retained an attorney and she replied yes. I explained to her that she has rights as a victim and does not have to speak with his attorney without representation. I further explained that the DA's Office would be representing her interests in the criminal case and would help her with any defense interview that she might feel compelled to attend. I provided her with ADA Cheyenne Kiernan's information.

Ms. Jones told me that she had sought out services at Family Crisis and is seeing a counselor. I told her that I had some concerns in reference to a disclosure she had made in the police report. I explained that I believed there to be more criminal charges but I wasn't sure if she was willing to talk about those issues. I advised that my concern was that she was raped during this incident. She told me that Mr. Jones digitally penetrated her vagina with his finger that night. She told me she did not want to talk about it and that she was currently seeing a counselor. I asked her to contact ADV Rumore if she changes her mind and we can meet in a more comfortable setting to interview. I provided her with my contact information and ADV Rumore's contact information. She told me she would think about it.

CASE STATUS: CLEARED.

CASE #: 10-17818 OFFICER NAME: Brown OFFICER R#: 726

HIGHEST CHARGE: Battery on a Household Member

On 04/09/10 at 0207 hours I was dispatched to a domestic violence call at 4604 Atlantic St. with Officer J. Hill. The call stated Sherleen Jones had been hit in the face with a fist by her husband, Justin Jones.

Upon arrival I was met at the door by Sherleen Jones. She appeared to be upset and told me her husband was in the back bedroom. I contacted Justin Jones and placed him into handcuffs pending investigation.

Sherleen Jones Interview:

I noticed Sherleen had a scratch on her forehead and her prescription glasses had a broken frame. She refused medical treatment and said she was not hurt very bad. Initially she said he hit her in the face with a fist and later she said it was an open hand push to her face. She also said there has only been one physical fight during their twenty year marriage. She said there have been infidelity issues recently.

Sherleen stated that at about 2230 hours she began arguing with her husband, Justin, over their sons performance at school. Carlton Jones is their eight year child. He recently received a poor review from a teacher. She stated Justin wanted to talk about the issue and she did not.

Both Sherleen and Justin were in their bedroom when the fight became violent. She said Justin hit her face with his palm and pushed her once. The impact broke her glasses and scratched her face. They layed on the bed and talked for a while and seemed to be working things out. She wanted to use the cell phone to call police but Justin took it from her and placed it into his pocket.

She left the house to pick up a child from a school function and returned home without calling police. She waited three to four hours to call police because she was worried about ruining Justin's career. She said nothing happened after the initial fight at 2230 hours.

Officers were preparing to leave and Sherleen's story changed drastically. She told me they have had six or seven physical fights

recently. Again she said the fight started tonight around 2230 hours over their sons grades. They were in the bedroom when Justin attacked her with an open hand hitting her in the face and pushing her onto the bed. She said Justin was holding her on the bed for about ten minutes in hugging manner. Then they stayed in the bedroom talking and hugging again for a few minutes. She said he took the phone and car keys from her so she would not leave.

Sherleen`s story progressed again. She stated Justin held her on the bed and digitally penetrated her vagina while in their bedroom. She told him to stop and he did. She said it was unwanted because he made comments about other men he believed her to have been with.

Justin Jones Interview:

I read Justin Miranda of which he understood and agreed to speak with me. He told Sherleen has been physically violent with him in the past and as recent and last December. He also said they have had infidelity issues recently.

Justin said they started arguing tonight at about 2230 hours over their son, Carlton`s, school performance. While in their bedroom Sherleen approached him. He put his hands up in defense. Sherleen fell into him and his open hands. As a result she broke her glasses and scratched her face. Sherleen was telling him to hit here but hi did not.

Justin admitted to taking a cell phone and car keys from her. He said the phone is his work phone and he did not want her to leave while acting hysterical. He also said Sherleen has her own cell phone.

Justin said they stayed in the bedroom and layed on the bed talking things out. They talked about when they first met and their three children. He thought the situation had been resolved. He said they did hold each other but did not kiss or have any sexual contact.

Sherleen took their vehicle to get one of their children and returned home. Justin thought everything was back to normal until police arrived at their house at 0200 hours. He stated there was no further incidents between the initial fight at 2230 and 0200.

Justin Jones was booked at the San Juan county detention center for battery on a household member and interference with communications.

Corporal Crum photographed Sherleen`s injuries and broken glasses.

I also provided her with a domestic violence packet. She gave a written statement that was logged into evidence.
