Jacksonville, FL 32207

Dear Dr. Greene

Please allow this to serve as formal notice that the Florida Department of Health is hereby terminating the contract for data collection and evaluation related to the Youth Risk Behavioral Study in 30 days. The Department will submit its final invoice based on the services performed. The following services still remain on the contract and will not be completed prior to the Department's termination:

- Respond to ad hoc YRBS, School Health Profiles and other data requests from the community
- Support Duval County Public Schools in the implementation of the evaluation and performance management plan including forms and tool development, tracking and entering required data in the CDC Performance Reporting Systems (PERS).
- Evaluate Teen Health Center data on a quarterly basis to provide regular reports to DCPS. Provide a Teen Health Center annual report summarizing number of youth served and services delivered during the funding period.

The Department will ensure that all data analysis and information regarding the contract are turned over to Duval County Public Schools prior to the termination timeframe mentioned above.

Thank you for your cooperation. If you have any questions, please feel free to reach me at (904) 253-1010

Sincerely,

Antonio Nichols, MBA, FCCM
