Dear Owner/Operator:

The U.S. Environmental Protection Agency (EPA) has reviewed files and other pertinent information relevant to the referenced site.

Based on this review, EPA does not anticipate further investigation under the Federal Superfund Program. EPA is aware of your remedial investigation/feasibility study work at the facility and encourages you to continue working with ODEQ to resolve any environmental contamination.

If you have any questions, I can be reached at (206) 553-2103.

Sincerely,

David Bennett
