Subject: [EXTERNAL] FYSA - Recent incidents
Date: Friday, February 23, 2024 3:26:41 PM
Attachments: [image001.png](#)

JewishColumbus LE partners,

The following is FYSA of a few recent incidents—

1. On 02/14/2024, the receptionist for Jewish Family Services, 1070 College Ave, Columbus received an angry phone call which caller ID showed as originating from 740-474-4984 with a displayed name of "Keith Harold." However, the JFS receptionist stated the caller sounded female. The receptionist described the caller as very angry, ranting about the fact that JFS is helping refugees and "giving them money" while the caller's children are "starving." The caller did not threaten JFS but was very upset about what they do and who they help.
2. On 02/21/2024, the receptionist for JewishColumbus, 1175 College Ave, retrieved a voice mail message which the receptionist described as a 1.5 minute rant about needing to be aware of Jewish people and not let them "take us over." She said the voice mail contained no directed threats and showed as originating from phone number 567-207-7821. The recording was mistakenly deleted when the receptionist tried to re-listen to it. ORIC reported that the Jewish Federation of Cleveland previously reported a caller using that same phone number in May, 2023 left a "hostile" voicemail at a Cleveland Chabad.
3. On 02/23/2024, Howard Larky of 333 Indian Mound Rd., Columbus had his Israeli flag stolen, including the flagpole bracket ripped out from the garage, sometime between late night and early morning today. He advised he filed a report with Columbus Police.

Thanks

Steve
