War & Peace
Binge all eight episodes now.
Andrew Davies’ new adaptation of Leo Tolstoy’s timeless novel. Three young people experience life, love and loss against the epic backdrop of Russia’s wars with Napoleon, facing the possibility of their lives being changed forever.

A Brief History of the Future
April 3: All six episodes of this series will be available to stream on the night of its broadcast premiere with Passport.
A Brief History of the Future is a unique six-part documentary series about our futures and how we can reimagine them. Hosted by renowned futurist Ari Wallach, the show invites viewers on a journey around the world that is filled with discovery, hope, and possibility about where we find ourselves today and what could come next.

Mr Bates vs The Post Office on Masterpiece
April 7: Binge all four episodes of this series starting on the night of its broadcast premiere with Passport.
When money started to seemingly disappear from its local branches, the government-owned UK Post Office wrongly blamed its own managers for the apparent loss. Hundreds were harassed, accused of theft and fraud, even sent to prison—leaving lives, marriages, and reputations in ruins. But the issue was actually caused by errors in the Post Office’s own computer system; something it denied for years.

Guilt, Season 3 on Masterpiece
April 28: Binge all four episodes of this series starting on the night of its broadcast premiere with Passport.
The award-winning TV series Guilt is a darkly comic Scottish thriller hailed by The Guardian (UK) as “Scotland’s answer to Fargo.” The show follows polar opposite brothers: unscrupulous lawyer Max McCall (Mark Bonnar) and his softer-hearted brother Jake (Jamie Sives) as they get (mostly) into and out of trouble.
