I Am Isaac Newton/I Am Golda Meir

I am Isaac Newton Xavier tries mini golf for the first time, and things don't exactly go as planned. No matter how hard and fast he swings, the ball never goes in the hole... To the Secret Museum! Our trio are sent back in time to meet an expert in the laws of motion: Sir Isaac Newton. Isaac is in the middle of his own problem, trying to figure out how he can out jump boys who are clearly bigger than him. Instead of attacking the problem hard and fast, Xavier style, Isaac takes a much calmer approach with the use of a thinking tree and a thinking kite. When he finally solves his problem and wins the long jump competition, Xavier realizes how much better it is to slow down and think through problems. I am Golda Meir When Yadina finds turtles crossing the bike path in the park, she becomes very worried about them - what if they get hit by a bike? Or a trike? She wants to help them stay safe, but what can she do? This problem seems way too big for her. To the Secret Museum! Our heroes go back in time to meet an expert problem solver: Golda Meir. They find Golda in the midst of a big problem herself: a bunch of the kids at her school don't have access to the books they need! This is another toughie. But Golda, undaunted, comes up with the idea to hold a community fundraiser to get money for the books, showing Yadina that she should tell people when there's a problem so you can solve it together.

11pm Molly of Denali

By Sled Or Snowshoe/The Shortest Birthday

By Sled or Snowshoe Grandpa Nat and Nina are out in the field observing an active volcano when it erupts! Quentin Bearantino needs a desert background for his latest movie starring Nature Cat. Can the gang find the perfect cactus? / Nature Cat and the gang head to Hugo's farm, only to find that it's barren. Can they bring some life back to it?

8:30pm Hero Elementary

Squeak to Me / Team's Song Theme Song

AJ builds a gadget to help people understand Fur Blur's squeaks. But, the gadget misfires and makes people squeak instead of talk. Sparks' Crew must find ways to communicate information non-verbally in order to locate and reverse the gadget. Curriculum: There are many ways to

communicate information including verbally, acting things out, writing, and making noise. / Sparks Crew wants to make their own theme song, but they have no musical instruments. How can they find a way to make sounds of different pitches? Curriculum: The pitch of a sound can be changed when the object changes in size, length, or liquid volume.

9pm Cyberchase

Plantasaurus!

It's going to be a very special night in Cyberspace for Matt, Inez and Jackie. To show her appreciation for all they've done for her (and Cyberspace), Motherboard has invited the kids to have a slumber party with Digit in the newly refurbished and repainted Control Central! But a case of sneezes, itchy eyes and scratchy throats threatens to put a damper on the slumber fun. And to make matters worse, Hacker has his own surprises for Motherboard that night. Inspired by a B-Monster movie, Hacker makes his own Plantasaurus to finally get the best of Motherboard and take over Cyberspace. Can the kids get to the bottom of the problems inside Control Central before the problems outside come to their front door? It's going to be a very special night in Cyberspace for Matt, Inez and Jackie. To show her appreciation for all they've done for her (and Cyberspace), Motherboard has invited the kids to have a slumber party with Digit in the newly refurbished and repainted Control Central! 12:30am Weather Hunters

The Windy Day

Lily and her family move into the home once occupied by her great grandpa, Wallace Hunter. Moving day becomes even more exciting when strong winds prevent Lily's dad Al from delivering his weather report, and the whole family pitches in.

4 Saturday

8pm Weather Hunters

Cold Snap

The Hunter's nice warm spring day is derailed when a cold snap suddenly hits. Worried about the low temperature's effect on outdoor plants, the kids band together to protect the gardens in their neighborhood.

8:30pm Pinkalicious & Peterrific

All Tangled Up/Above The Clouds

It's Pinkville's Flower Festival and the whole town has gathered to plant flowers in the park. When an ordering mishap leaves Pinkville with balls of yarn instead of flowers bulbs, Pinkalicious rallies everyone to use the yarn to make the park pinkatastic. / It's a very windy day in Pinkville, so Pinkalicious and Peter decide to make homemade kites. But Pinkalicious gets carried away - literally. How can she and Peter use their creative problem-solving skills to get her back down again?

9pm Cyberchase

Journey of a Thousand Food Miles

Castleblanca's most famous food critic, Bone Appetit, is coming to Digit's restaurant, and Digit must make a meal that's out-of-this-world! Digit knows the critic's favorite food is cherries. So, what's the piece de resistance? His famous Cherry Supreme dessert, of course! But when Ghoul Foods' cherries are out of stock, Jackie and Inez set out on a dizzying mission to find the elusive ingredient. To what lengths will they go? Let's just say planes, trains, and automobiles don't cover the half of it. By tracking how far food travels to make it to diners' plates, the CyberSquad discovers why shopping local is better for the environment. Meanwhile, Hacker can't stand Digit being the center of attention, so he sets out to prove a few culinary abilities of his own.

9:30pm Ready Jet Go!

Total Eclipse of the Sunspot/Sean's Year In Space

"Total Eclipse of the Sunspot" - While Mindy, Jet, Sean, and Sydney are trying to use a solar panel to improve their energy efficiency, they notice that Sunspot is acting strange. It turns out that Sunspot was aware of an impending eclipse and was trying to alert the kids to the fact that the Sun would be darkened for a while. Curriculum: A solar eclipse is a type of eclipse that occurs when the Moon passes between the Sun and Earth, and the Moon fully or partially blocks the Sun. In a total eclipse, the disk of the Sun is fully obscured by the Moon. It's important not to look directly at the Sun during an eclipse, but you can watch it through the use of a box viewer."Sean's Year in Space" - Sean is excited by NASA's "Year in Space" program on the ISS, and decides to try to live for a year in the tree house without ever coming down. The kids keep interrupting him, and finally, after only a short afternoon of trying, he comes down for dinner. Curriculum: The International Space Station, or ISS, is home to several astronauts at a time, who come and go in small capsules like the Soyuz. At this point, astronauts are even staying for a year at a time to study what happens to

humans who live in micro-gravity for extended periods, so we can learn what will happen to us on long space voyages, like a trip to Mars.

10pm Super Why!

The City Mouse and the Country Mouse

5 Sunday

8pm Weather Hunters

Cold Snap

The Hunter's nice warm spring day is derailed when a cold snap suddenly hits. Worried about the low temperature's effect on outdoor plants, the kids band together to protect the gardens in their neighborhood.

8:30pm Pinkalicious & Peterrific

All Tangled Up/Above The Clouds

It's Pinkville's Flower Festival and the whole town has gathered to plant flowers in the park. When an ordering mishap leaves Pinkville with balls of yarn instead of flowers bulbs, Pinkalicious rallies

everyone to use the yarn to make the park pinkatastic. / It's a very windy day in Pinkville, so Pinkalicious and Peter decide to make homemade kites. But Pinkalicious gets carried away - literally. How can she and Peter use their creative problem-solving skills to get her back down again?

9pm Cyberchase

Hacker's Birthday Bash

Buzz sets out to throw the best birthday ever for Hacker. Nothing but the finest food, decorations, and music will do! There's just one problem - Buzz's plans will cause way too much pollution! Delete brings in the CyberSquad to help.

9:30pm Ready Jet Go!

Beep and Boop's Game/Constellation Prize

"Beep and Boop's Game" - The kids help Dr. Rafferty and Bergs get Mars Rover BOOP over a ravine on the red planet by simulating actions in the DSA "Mars Yard" using BEEP (Boop's sister)! Trial and error leads to success. Along the way, the kids learn just how scientists communicate with far away rovers - through satellites above Mars. The kids then solve a new mystery set up by Bergs, figuring out that Beep and Boop are communicating about... a game of Mars/Mars Yard tic-tac-toe they're playing! Curriculum: A good amount of communication between Mars and Earth goes through satellites. Rovers send images, along with instrument and status data, back to Earth. Extrapolating from the data, the scientists send commands to the rover, which can take 4-24 minutes to be received due to the distance. Rovers are often on their own, carrying out commands and sending image data to overhead satellites. The rover's commanders may tell it to move toward a new rock, grind a rock, analyze a rock, take photos, or gather other data with other instruments. "Constellation Prize" - When Mindy thinks she's found her own star, the other kids explain how stars are labeled and identified by constellations. Mindy eventually learns that she hasn't found a new star, but that she CAN create her own version of a constellation by connecting patterns in the sky. Curriculum: A constellation is a group of stars that make an imaginary shape in the night sky. In different parts of the world, people have made up different shapes out of the same groups of bright stars, like a game of connect-the-dots. In the past, constellations were useful for navigating at night and for keeping track of the seasons. They are now useful for identifying parts of the sky astronomers are studying. Because all the stars are at different distances, the constellations would look totally different to inhabitants of another planet orbiting another star.

10pm Super Why!

Cinderella: The Prince's Side of the Story

Red and Little Boy Blue are playing some music together when Little Boy Blue suddenly disappears! This is just like when Cinderella left the ball without finishing her dance. To solve the mystery, Super Why and his friends soar into Cinderella's fairytale once again, and this time they talk to the prince! Educational Objectives: To learn about thinking creatively, investigate the alphabet, practice the magic of spelling, and use the power to read to change the story.

Brain's Easter egg hunts are notoriously hard. But this year's might prove impossible if Brain can't remember where he hid the final egg. To track down the missing memory, Brain, D.W., and Bud venture where no kid has gone before: Brain's brain! Educational Objective: Brain explores the inner workings of the brain. Crazy coincidences have prevented Brain from seeing a meteor shower in person. But this time, he's planned for everything. Will Brain finally satisfy his astronomical ambition...or is he cosmically cursed? Educational Objective: Arthur and friends realize that Brain always puts others' needs before his own, and resolve to help him accomplish a personal goal.

6 Monday

8pm Nature Cat

The Leaf Fairy/Midge Over Troubled Water

8:30pm Hero Elementary

All Over The Map / Lights Go Down In City Town

A bird takes AJ's Twigcam and flies off with it while it is still sending footage of its flight. Sparks' Crew uses a map to help them identify the bird's locations and follow it through Citytown. Curriculum: A map is a model of the land and its features. / Sparks' Crew is looking forward to seeing a meteor shower, but the nighttime sky is too lit-up by the lights of the city. How can they make the sky darker so everyone can see the meteors? Curriculum: People in cities use a lot of light at night, which makes it hard to see the night sky. But there are things they can do to reduce the impact, like turning off lights.

9pm Cyberchase

Hacker's Bright Idea

Atop Mount Stellandia, the CyberSquad awaits the return of Kacy's Comet an event that only takes place every fifty years! Even Hacker and his bots can't wait to see it. There's just one problem a light is glaring into the sky and blocking out all the stars. The Squad investigates and along the way help several animals also struggling with the blinding light. Will they find the source in time? Topics: Light Pollution; Bortle Scale; Comparing Data; Mapping and Cardinal Directions; Counting Down Time Big Idea: When too much artificial light pollutes the night, it can be unhealthy for many kinds of living things.

8:30pm Hero Elementary

Looking Super / Schmubble Trouble

When a self-flying cape escapes from the store selling it, Sparks' Crew teams up with the famous hero, Hail Caesar, to search for it. But, it isn't easy, since the cape is very good at hiding. It will take super observation skills to find it. Curriculum: Observe the world around you to gather information. Use the information to solve problems. / Benny has a case of the "Schmubbles," a bubble cold that causes bubbles to shoot out of his hands uncontrollably. When AJ, Lucita, and Sara get caught in

Schmubble Bubbles, they must make their way through Citytown inside of bubbles they can't pop. Curriculum: Objects can be moved from one place to another by combining the right strength and/or direction of pushes and collisions.

9pm Cyberchase

Inside Hacker

It's the CyberSquad's most ingenious plan ever - and most dangerous! If they can insert a new memory chip into Hacker's H-Drive, they can turn him from evil to good. Once he's been shrunk and is inside Hacker, Matt's mission goes like clockwork until a force field is activated and envelops the H-Drive. All seems lost until Digit remembers a robot that Dr Marbles made that can break through any force field. They can shrink it down and send it in to help Matt... but must first figure out how to make it follow their commands. Can Inez, Jackie and Digit program the robot in time?

9:30pm Let's Go Luna!

Brad can't possibly go without his best friends! Who will he play with? Xavier and Yadina are sure Brad will make new friends at camp, but Brad isn't so sure - he doesn't know how. To the Secret Museum! Our heroes go back in time to meet someone who made all kinds of friends: Catherine the Great. They find Catherine wandering outside her castle walls, simply so she can make some new friends to play with. Watching Catherine meet new kids, and ask them questions about themselves, shows Brad that getting to know people is a great way to make friends. I am Tomioka Tessai Yadina isn't sure if she should take her old family quilt in for show and tell; she loves it and all, but it's old and has a lot of holes - what if she feels embarrassed to show people? To the Secret Museum! Our heroes go back in time to meet someone who was deeply connected to the stories of his ancestry: Tomioka Tessai. They find the young artist as he's trying to decide what he should paint to share with his art class. While thinking it over, Tomioka takes our trio on a tour of his family's garden, and proudly tells the story of the cherry tree he planted there with his father and grandfather, helping both Tomioka and Yadina realize they should each present their class with something that's special to their family, because sharing stories about their family makes them feel proud.

11pm Molly of Denali

When the power mysteriously goes out at the skate park, the CyberSquad and Digit must find a way to turn it back on before the nighttime skateboarding extravaganza. They decide to use solar panels to collect energy during the day that can power the park at night. But will they have enough area to install the panels, and enough time to collect energy before sundown? And if they do, can their friend out-skate the ace cheater of Cyberspace?

9:30pm Ready Jet Go!

Which Moon Is Best?/Detective Mindy

"Which Moon is Best?" - Sean wants to be the first to walk on a moon, like his hero Neil Armstrong. When Sydney points out that 12 astronauts have already walked on our Moon, Sean thinks that rather than be the 13th to walk on OUR moon, why not be the first to walk on ANOTHER moon in our solar system? Sure, but which moon? The kids decide to compare the frozen moons Europa, which orbits Jupiter, and Enceladus, which orbits Saturn. They get help from Carrot and Celery, who fly them to each one, and Sean gets to walk on them. Curriculum: The gas giants Jupiter and Saturn each have around 60 moons - each of them unique. Interestingly, each gas giant has a frozen ice moon that contains a warmer liquid ocean under the surface: Jupiter's moon Europa, and Saturn's moon Enceladus. Each moon has its own similarities and differences. "Detective Mindy" - When Mitchell's mother declares the kitchen counter a "black hole" because she can't find her sunglasses and she's sure she left them there, Mitchell takes up the case of the black hole kitchen counter. As he's investigating, one by one, all the other kids get involved in his process. As they learn about what a black hole really is, Mitchell discovers that science holds enough mysteries to keep him busy for many years. Curriculum: Black holes are strange little holes in space that are like vacuum cleaners that use gravity (instead of suction) to suck things in. A black hole is what remains when a massive star dies. They send out no light and have very strong gravity. Once a planet or star has been sucked into the black hole, it cannot escape, and compresses to a very small size.

9:30pm Ready Jet Go!

Space Junk/Scientific Sean

"Space Junk" - After learning about space junk, the kids are determined to help do their part to clean up their "space neighborhood." They meet up with Uncle Zucchini, a long-time galaxy garbage man! Using Bortronian technology, they start a cleanup. During the course of the day, our kids learn that recycling is necessary both on Earth and in space! Curriculum: The outer space region around Earth swarms with millions of pieces of man-made space junk that create potential hazards. Objects as small as 4 inches can be seen by radar or optical telescopes on Earth. Cleaning the debris is a challenge. Trips to larger objects could remove them from orbit, but that's expensive. Another proposal is using lasers to provide a path-changing push that wouldn't damage the object."Scientific Sean" - Jet is fascinated by Earth paper airplanes when he watches Sean

casually fold one. Jet suggests that the kids challenge each other to build the plane that will fly the farthest, and still carry the payload of a message. Sean wants to use the Scientific Method to solve the distance/size issues. CURRICULUM: The Scientific Method is a simple set of rules that scientists use the world over, to make sure that they are doing their experiments correctly and in a way that they can repeat. But great science comes from both the application of this simple set of rules AND from imagination and inspiration.

10pm Super Why!

The Three Little Pigs: The Return of the Wolf

Pig and his brothers are trying to make a picnic table for their yard, but it all goes terribly wrong! So Super Why and his friends visit the tale of The Three Little Pigs, hoping to find out a little bit about building from the young Poppa Pig.
