

A New Look for Better Access

We've updated our design to align with new ADA web accessibility regulations, making our guides easier to read and navigate for all users, including those using assistive technologies.

While the core of these accessibility features is now live in this guide, we will continue to incorporate additional refinements in the coming months as we finalize our transition to these new standards.

[Click here](#) to learn more about the Department of Justice's updated web accessibility rule.
