THE NORDIC MURDERS SEASON 6 FROM WALTER PRESENTS

5/1/26: Binge the five-episode season of this drama with Passport.

Featuring ex-prosecutor Karin Lossow solving crimes on the Baltic island of Usedom. The series is known for its intense, slow-burn mysteries and is available for streaming.

LIFE ON EARTH: ATTENBOROUGH'S GREATEST ADVENTURE

5/6/26: This program will be available to stream in Free Video on Demand for 45-days on PBS platforms beginning on May 6th before moving into Passport.

In this documentary, we reveal the little-known story of David Attenborough's greatest ever undertaking. A three-year, hair-raising odyssey around the world, travelling to 36 countries across a million miles, to film 600 species. Along the way, the crew encounter endless challenges; they are battered by sandstorms in Iraq and almost lost at sea in the Indian Ocean, threatened by Idi Amin's troops and Saddam Hussein's army, whilst also coming face-to-face with Dian Fossey's mountain gorillas and the giant tortoises of Galapagos, all to create a new kind of blockbuster series -- "Life on Earth."

INDEPENDENT LENS "LIGHT OF THE SETTING SUN"

5/18/26: This program will be available to stream in Free Video on Demand for 90-days on PBS platforms beginning on May 18th before moving into Passport.

A Chinese family's multigenerational trauma unfolds across time, place, and identity. Turning the camera inward, filmmaker Vicky Du traces her family's mental illness back to the Chinese Communist Revolution of 1949. Spanning Taipei, Taiwan, and New Jersey, Light of the Setting Sun explores identity, gender roles, and whether or not healing can break the cycle for future generations.

INDEPENDENT LENS "THIRD ACT"

5/25/26: This program will be available to stream in Free Video on Demand for 90-days on PBS platforms beginning on May 25th before moving into Passport.

Generations call Robert A. Nakamura the godfather of Asian American film. Tadashi Nakamura calls him Dad. Tadashi turns the camera on his father as they confront art, activism, and aging. From WWII incarceration to cultural awakening and a Parkinson's diagnosis, Third Act is a tender portrait of legacy, inherited trauma, and the final chapter of a shared creative life.
