## INDEPENDENT AUDITOR'S REPORT

Board of Trustees  
Maine Public Broadcasting Corporation  
d/b/a Maine Public

### Opinion

We have audited the accompanying financial statements of Maine Public Broadcasting Corporation d/b/a Maine Public (Maine Public), which comprise the statement of financial position as of June 30, 2025, and the related statements of activities, functional expenses, and cash flows for the year then ended, and the related notes to the financial statements.

In our opinion, the 2025 financial statements referred to above present fairly, in all material respects, the financial position of Maine Public as of June 30, 2025, and the changes in its net assets and its cash flows for the year then ended in accordance with U.S. generally accepted accounting principles (U.S. GAAP).

### Basis for Opinion

We conducted our audit in accordance with U.S. generally accepted auditing standards (U.S. GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2025 Financial Statements section of our report. We are required to be independent of Maine Public and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

### Prior Period Financial Statements

The financial statements of Maine Public as of and for the year ended June 30, 2024 were audited by Berry, Dunn, McNeil & Parker, LLC, whose report, dated November 7, 2024, expressed an unmodified opinion on those statements.

### Management's Responsibility for the 2025 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Maine Public's ability to continue as a going concern within one year after the date that the financial statements were available to be issued.

### **Auditor's Responsibilities for the Audit of the 2025 Financial Statements**

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with U.S. GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with U.S. GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Maine Public's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Maine Public's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

**MAINE PUBLIC BROADCASTING CORPORATION  
D/B/A MAINE PUBLIC**

**Notes to Financial Statements**

**June 30, 2025 and 2024**

**1. Summary of Significant Accounting Policies**

**Organization**

Maine Public Broadcasting Corporation d/b/a Maine Public (Maine Public) is a statewide broadcasting system: Maine Public Television (five stations), Maine Public Radio (seven stations), and Maine Public Classical (six radio stations). Serving the people of Maine and beyond, Maine Public is a nonprofit, noncommercial public broadcast entity funded by a unique public/private partnership. Maine Public is affiliated with the Public Broadcasting System and National Public Radio.

**Basis of Presentation**

The accompanying financial statements, which are presented on the accrual basis of accounting, focus on Maine Public as a whole. Assets and liabilities have been shown in order of liquidity. Net assets, revenues, gains and losses are classified based on the existence or absence of donor-imposed restrictions.

The financial statements of Maine Public have been prepared in accordance with U.S. generally accepted accounting principles (U.S. GAAP), which require Maine Public to report information regarding its financial position and activities according to the following net asset classifications:

**Net assets without donor restrictions:** Net assets that are not subject to donor-imposed restrictions and may be expended for any purpose in performing the primary objectives of the Organization. These net assets may be used at the discretion of Maine Public's management and Board of Trustees.

**Net assets with donor restrictions:** Net assets subject to stipulations imposed by donors, and grantors. Some donor restrictions are temporary in nature; those restrictions will be met by actions of Maine Public or by the passage of time. Other donor restrictions are perpetual in nature, whereby the donor has stipulated the funds be maintained in perpetuity.

**Estimates**

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts in the financial statements and accompanying notes. Actual results could differ from those estimates.

**Accounts and Grants Receivable**

Accounts and grants receivable are stated at the amount management expects to collect from balances outstanding at year-end. Based on management's assessment of the credit history with customers having outstanding balances, current relationships with them, and reasonable and supportable forecasts, it has concluded that realization of losses on balances outstanding at year-end are expected to be immaterial.

**MAINE PUBLIC BROADCASTING CORPORATION  
D/B/A MAINE PUBLIC**

**Notes to Financial Statements**

**June 30, 2025 and 2024**

**Pledges Receivable**

Unconditional promises to give are recognized as revenues in the period received and as assets, decreases of liabilities, or expenses, depending on the form of the benefits received. Conditional promises to give are recognized when the conditions on which they depend are substantially met. Pledges receivable expected to be received after more than one year are discounted to the present value of their future cash flows using a risk adjusted rate of return after providing an allowance for credit losses. Charitable lead interest trusts are included in pledges receivable at the present value of future distributions.

**Property and Equipment**

Property and equipment are recorded at cost or, in the case of donated property, at estimated fair value at date of receipt. Depreciation is provided over the estimated useful lives of the respective assets using the straight-line method. The estimated lives of such assets range between 3 and 35 years. Maine Public capitalizes the cost of purchases in excess of \$2,500. Costs of repairs and maintenance are charged to operating expenses as incurred. Upon sale or retirement, the cost and accumulated depreciation are removed and any resulting gain or loss is included in the statements of activities.

**Donated Assets**

Donated marketable securities and other noncash donations are recorded at their estimated fair values at the date of donation.

Such donations are reported as contributions without donor restrictions, unless the donor has restricted the donated asset to a specific purpose. Assets donated with explicit restrictions regarding their use and contributions of cash that must be used to acquire property and equipment are reported as contributions with donor restrictions. In the absence of donor stipulations regarding how long the contributed assets must be used, Maine Public reports expirations of donor restrictions when the donated or acquired assets are placed in service.

**Contributions**

Contributions received, including unconditional promises to give, are recognized as revenues when donors' commitments are received.

All contributions are included in net assets without donor restrictions unless specifically restricted by the donor. Amounts received that are designated for future periods or are restricted by the donor for specific purposes are reported as support that increases net assets with donor restrictions.

**MAINE PUBLIC BROADCASTING CORPORATION  
D/B/A MAINE PUBLIC**

**Notes to Financial Statements**

**June 30, 2025 and 2024**

A donor restriction expires when a stipulated time restriction ends or when a purpose is accomplished. Upon expiration, net assets with donor restrictions are reclassified to net assets without donor restrictions and are reported in the statements of activities as net assets released from restrictions.

**Investments**

Investments are carried at fair value, and realized and unrealized gains and losses are reflected in the statements of activities.

Maine Public's investment policy and spending policy for long-term investments are as follows:

*Investment Objective:* Maine Public invests for long-term growth of capital with moderate income requirements. Growth accounts will experience moderate to high levels of portfolio fluctuations to achieve long-term objectives.

*Return Objective:* Consistent with the asset class return assumptions, the long-term expected annual return for this objective should fall within a range between 5.5% and 7%.

*Risk Tolerance:* Maine Public recognizes that the long-range objective implies a high level of equity exposure and consequent market price volatility. The risk of the equity and fixed income portfolio shall be consistent with their respective indexes.

*Asset Allocation:* The asset allocation range shall be: 51% - 71% in equities, 15% - 45% in fixed income, and 2% - 13% in alternative asset classes (including real estate investment trusts and commodities).

*Time Horizon:* Long-term.

*Spending Policy:* The Board of Trustees have adopted a 4% annual spending rule based on a three-year rolling average market value calculated at the prior fiscal year-end.

*Performance Measurement:* The investment performance of this portfolio will be measured against both a blended benchmark and a static benchmark. The dynamically-weighted blended benchmark shall consist of the Citi 3-Month T-Bill, S&P 500, Russell 2000, S&P Mid-Cap 400, MSCI EAFE, MSCI EM, Dow Jones UBS Commodities, Morgan Stanley REIT, and the BarCap Intermediate Govt/Credit Indexes. The static benchmark shall consist of 70% MSCI All-Country World Index / 30% BarCap U.S. Government 1-5 year Index.

Investment income is credited to net assets without donor restrictions unless otherwise designated by the donor or state law. Related interest and dividends are recorded on the accrual basis.

**MAINE PUBLIC BROADCASTING CORPORATION  
D/B/A MAINE PUBLIC**

**Notes to Financial Statements**

**June 30, 2025 and 2024**

**Operating and Nonoperating Activities**

Maine Public reports its revenues and expenses as operating or nonoperating activities in the statements of activities. Nonoperating activities include contributions to the Board designated or donor-restricted endowment funds, investment return of the endowment funds, net of investment returns used for operations, and contributions to fund capital projects, write-off of uncollectible pledges receivable, and the release thereof when Maine Public has complied with the donative restrictions.

**Functional Allocation of Expenses**

The costs of providing the various programs and other activities have been summarized on a functional basis in the statements of functional expenses. Accordingly, certain costs have been allocated among the programs and supporting services benefited. Those expenses include depreciation expense, which is allocated primarily based on full-time equivalents, and insurance, which is allocated based on full-time equivalents. Other expenses are charged directly to the program they serve.

**Income Taxes**

Maine Public is exempt from income taxes under the provisions of Internal Revenue Code Section 501(c)(3). Certain activities of Maine Public are unrelated business income and, therefore, subject to federal and state income tax.

**Cash and Cash Equivalents**

Maine Public considers all highly liquid debt instruments purchased with an initial maturity of three months or less to be cash equivalents. Any cash classified as long-term investments is not considered a cash equivalent because it is not designated for current use by the Board of Trustees.

**2. Cash and Cash Equivalents**

Maine Public maintains checking accounts, certificates of deposit, and money market accounts at various Maine financial institutions. These accounts are insured by the Federal Deposit Insurance Corporation (FDIC) up to \$250,000 per institution. Amounts in excess of FDIC coverage have been collateralized.

D/B/A MAINE PUBLIC**

**Notes to Financial Statements**

**June 30, 2025 and 2024**

**3. Pledges Receivable**

Included in pledges receivable are the following unconditional promises to give:

	<u>2025</u>	<u>2024</u>
General	\$ 2,461	\$ 3,776
Capital campaign	2,567,085	2,155,310

	<b>4,618,383</b>	2,159,086
Less discount of 4.0% and 3.0% as of June 30, 2025 and 2024, respectively	<u>(196,461)</u>	<u>(97,346)</u>
Total pledges receivable	<b><u>\$ 4,421,922</u></b>	<b><u>\$ 2,061,740</u></b>
	<u>2025</u>	<u>2024</u>
Amount due in:		
Less than one year	\$ 2,391,293	\$ 1,130,514
One to five years	<u>2,227,090</u>	<u>1,028,572</u>
	<b><u>\$ 4,618,383</u></b>	<b><u>\$ 2,159,086</u></b>

Amounts expected to be collected beyond one year are discounted to present value as required using a risk-free rate of return.

In addition, Maine Public has received conditional pledge funding from a Foundation for an endowment. As certain conditions of the grants have not been met at June 30, 2025, these are not recognized as assets in the statement of financial position. Grants totaling \$2,000,000 are contingent upon the Foundation's determination on the conditions of the grant.

**4. Endowment**

Maine Public's Board of Trustees has interpreted state law as requiring the preservation of the original gifts to donor-restricted endowment funds as net assets with donor restrictions of perpetual duration. Accordingly, except for explicit donor stipulations specifying reinvestment of some or all of income and appreciation, amounts not considered of perpetual duration are classified as net assets with donor restrictions until appropriated for expenditure. Maine Public elected to spend \$360,000 from the endowment during the year ended June 30, 2025. Maine Public elected not to spend from the endowment during the year ended 2024.

**MAINE PUBLIC BROADCASTING CORPORATION  
D/B/A MAINE PUBLIC**

**Notes to Financial Statements**

**June 30, 2025 and 2024**

Endowment net asset composition by type of fund as of June 30, 2025 was as follows:

	<u>Without Donor Restrictions</u>	<u>With Donor Restrictions</u>	<u>Total</u>
Donor-restricted endowment funds	\$ -	\$ 2,115,679	\$ 2,115,679
Board designated endowment funds	<u>10,293,013</u>	<u>-</u>	<u>10,293,013</u>
Total funds	<u>\$ 10,293,013</u>	<u>\$ 2,115,679</u>	<u>\$ 12,408,692</u>

Endowment net asset composition by type of fund as of June 30, 2024 was as follows:

	<u>Without Donor Restrictions</u>	<u>With Donor Restrictions</u>	<u>Total</u>
Donor-restricted endowment funds	\$ -	\$ 978,979	\$ 978,979
Board designated endowment funds	<u>9,637,451</u>	<u>-</u>	<u>9,637,451</u>
Total funds	<u>\$ 9,637,451</u>	<u>\$ 978,979</u>	<u>\$ 10,616,430</u>

From time to time, the fair value of assets associated with individual donor-restricted endowment funds may fall below the level that the donor or relevant state law requires Maine Public to retain as a fund of perpetual duration. Maine Public has a policy that permits spending from underwater endowment funds depending on the degree to which the fund is underwater, unless otherwise precluded by donor intent or relevant laws and regulations. There were no deficiencies of this nature as of June 30, 2025 and 2024.

The endowment net assets and Board-designated net assets are invested in order to ensure resources of Maine Public will be available to meet the needs of clients in perpetuity. Maine Public's spending policy allows the appropriation of up to 4% of the trailing three-year quarterly average market value to support operations. Additional appropriations can be made with Board approval.

**5. Liquidity and Availability of Financial Assets**

Maine Public regularly monitors liquidity required to meet its operating needs and other contractual commitments, while also striving to optimize the investment of its available funds. Maine Public has various sources of liquidity at its disposal, including cash and cash equivalents, investments, and lines of credit.

For purposes of analyzing resources available to meet general expenditures over a 12-month period, Maine Public considers all expenditures related to its ongoing operating activities. In addition to financial assets available to meet general expenditures over the next 12 months, Maine Public seeks to operate with a balanced budget and anticipates collecting sufficient revenue to cover expenditures not covered by donor-restricted resources or, where appropriate, borrowings.

**MAINE PUBLIC BROADCASTING CORPORATION  
D/B/A MAINE PUBLIC**

**Notes to Financial Statements**

**June 30, 2025 and 2024**

As of June 30, 2025, Maine Public has working capital of \$4,727,189 and average days (based on normal expenditures) of cash and cash equivalents without designation or restriction on hand of 46 days.

Financial assets and liquid resources available within 12 months for general expenditures were as follows as of June:

	<u><b>2025</b></u>	<u><b>2024</b></u>
Cash and cash equivalents	\$ <b>2,603,664</b>	\$ 6,947,646
Accounts and grants receivable	<b>1,308,384</b>	1,653,806
Operating pledges receivable within one year	<b>57,461</b>	3,776
Investments	<u><b>12,985,551</b></u>	<u>11,168,836</u>
	<b>16,955,060</b>	19,774,064

Less: investments – without donor restrictions	<u><b>(10,869,872)</b></u>	<u>(10,189,857)</u>
	<u><b>\$ 3,969,509</b></u>	<u><b>\$ 8,605,228</b></u>

Maine Public's governing board has designated a portion of its unrestricted resources for long-term investment and other purposes. Those amounts are identified as investments – without donor restrictions in the table above. These funds are invested for long-term appreciation and current income but remain available and may be spent at the discretion of the Board.

Maine Public's goal is generally to maintain financial assets to meet three months of operating expenses (approximately \$5.8 million).

In addition to the resources discussed above, Maine Public has one line of credit available to meet short-term needs, as discussed in Note 6.

**6. Lines of Credit**

Maine Public has available one unsecured line of credit, for \$1,000,000, with variable interest rates. There was no outstanding balances on the line of credit at June 30, 2025 and 2024. The line of credit expires in February 2026 and is subject to review at that time.

**MAINE PUBLIC BROADCASTING CORPORATION  
D/B/A MAINE PUBLIC**

**Notes to Financial Statements**

**June 30, 2025 and 2024**

**7. Postretirement Benefits**

Maine Public sponsored a defined benefit postretirement medical benefit plan. The Plan provided that employees who retired from active status after reaching age 55 and had completed ten years of service or became disabled (regardless of service) were eligible. Eligible employees who retired or became disabled and their spouses (if married) continued to have 90% of their medical premiums paid by Maine Public. When retired or disabled participants reached age 65, Medicare became their primary plan and Maine Public's plan became secondary. Maine Public continued to pay 90% of medical coverage for the secondary coverage. The Plan was curtailed during the year ended June 30, 1997.

In 1997, Maine Public offered to continue special benefits to its employees who elected voluntary retirement from employment by a specified period of time and notified Maine Public by October 30, 1997. Because a significant reduction in future years of service to fill eligibility of active participants has occurred, the offer of special termination benefits resulted in a plan curtailment. The accumulated postretirement benefit obligation at June 30, 2025 and 2024 was \$10,464 and \$18,064, respectively.

**8. Fair Value Measurement**

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. In determining fair value, Maine Public uses various methods, including market, income and cost approaches. Based on these approaches, Maine Public often utilizes certain assumptions that market participants would use in pricing the asset or liability, including assumptions about risk and/or the risks inherent in the inputs to the valuation technique. These inputs can be readily observable, market corroborated, or generally unobservable inputs.

Maine Public utilizes valuation techniques that maximize the use of observable inputs and minimize the use of unobservable inputs. Based on the observability of the inputs used in the valuation techniques, Maine Public is required to provide the following information according to the fair value hierarchy. The fair value hierarchy ranks the quality and reliability of the information used to determine fair values. Financial assets and liabilities carried at fair value will be classified and disclosed in one of the following three categories:

- Level 1 – Quoted prices for identical assets and liabilities traded in active exchange markets, such as the New York Stock Exchange.
- Level 2 – Observable inputs other than Level 1 including quoted prices for similar assets or liabilities, quoted prices in less active markets, or other observable inputs that can be corroborated by observable market data.

**MAINE PUBLIC BROADCASTING CORPORATION  
D/B/A MAINE PUBLIC**

**Notes to Financial Statements**

**June 30, 2025 and 2024**

- Level 3 – Unobservable inputs supported by little or no market activity for financial instruments whose value is determined using pricing models, discounted cash flow methodologies, or similar techniques, as well as instruments for which the determination of fair values requires significant management judgment or estimation.

Fair values of assets measured on a recurring basis were as follows:

<b>June 30, 2025</b>	<b><u>Total</u></b>	<b><u>Level 1</u></b>	<b><u>Level 2</u></b>	<b><u>Level 3</u></b>

The fair value of Level 2 assets has been measured using quoted market prices of similar assets.

**9. Retirement Plan**

Employees participate in a retirement plan under Section 403(b) of the Internal Revenue Code through the Teachers Insurance and Annuity Association of America and College Retirement Equities Fund. Contributions are made both by the participant and Maine Public. Maine Public contributes between 3% and 6.5% of an employee's salary on a graduated rate based upon an employee's contribution. Maine Public's contributions were approximately \$489,423 and \$451,700 in 2025 and 2024, respectively.

**MAINE PUBLIC BROADCASTING CORPORATION  
D/B/A MAINE PUBLIC**

**Notes to Financial Statements**

**June 30, 2025 and 2024**

**10. Health Insurance Plan**

Maine Public's health plan is a self-insured vehicle with a stop-loss component. Claims are handled through an independent third-party benefits administrator. In the fiscal years 2025 and 2024, Maine Public's reinsurance policy provided payment for per person annual claim costs in excess of \$55,000. Total net cost for claims, administration, and stop loss insurance totaled approximately \$1,645,000 and \$1,186,000 for the years ended 2025 and 2024, respectively. The statements of financial position includes \$161,731 and \$157,348 of accrued medical claims as of June 30, 2025 and 2024, respectively, which are included in accrued expenses and other.

**11. Related Party**

Maine Public purchases various products and services from a related party, the University of Maine System (UMS). Maine Public was affiliated with UMS before incorporating in July 1992. Since then, UMS has maintained a position on Maine Public's Board of Trustees. The amount paid to UMS totaled approximately \$102,500 and \$110,540 during the years ended 2025 and 2024, respectively. The purchases included fuel, printing and telecommunication services.

**12. Net Assets with Donor Restrictions**

Net assets with donor restrictions consisted of the following as of June 30:

	<u>2025</u>	<u>2024</u>

**MAINE PUBLIC BROADCASTING CORPORATION  
D/B/A MAINE PUBLIC**

**Notes to Financial Statements**

**June 30, 2025 and 2024**

**13. Contingencies**

Maine Public receives funding in the form of grants from the Corporation for Public Broadcasting which is a private, nonprofit corporation, the National Telecommunications and Information Administration, and other federal agencies. The grants are governed by various rules and regulations and are subject to audit and adjustment by the grantors. Therefore, to the extent that Maine Public has not complied with the rules and regulations governing the grants, repayments may be required. In the opinion of Maine Public, there are no significant uncertainties relating to compliance with the rules and regulations governing these grants. Therefore, no provision has been recorded in the accompanying financial statements for such contingencies.

**14. Commitments**

During the year ended June 30, 2024, Maine Public sold a piece of land, which resulted in a gain of approximately \$1.1 million, and is included in the statement of activities for the year ended June 30, 2024. During 2025, Maine Public purchased a building for its new facility in Southern Maine for approximately \$20 million.

Maine Public will be renovating the new facility. The total cost of the construction of the new facility approximates \$15 million, which will be funded primarily by contributions from the capital campaign. To date, Maine Public has incurred approximately \$3.4 million in architectural and project management costs.

In January 2025, Maine Public committed to a construction contract with a value of \$5,500,000 for the renovation of the new facility. As of June 30, 2025, \$192,810 has been expended under the contract.

**15. Operating Leases**

Maine Public leases towers, copier machines and a parking garage under noncancelable operating leases expiring in various dates through 2036. The monthly lease payments range from \$157 to \$8,322 through the end of the lease terms. Some leases do not require monthly payments and are paid quarterly.
