

KRWG-TV
Quarterly Program Topic Report

April-June
2023

KRWG-TV is the PBS station located in Las Cruces, New Mexico. We are licensed by New Mexico State University and our offices are located on NMSU's Las Cruces campus. KRWG-TV is proud to be the only television station in southern New Mexico. We also provide unique services in the El Paso, Texas/Las Cruces, New Mexico service area.

Through meetings with citizens and community leaders, partnerships with area newspapers and other organizations, and extensive production of news and public affairs programming, the staff of KRWG-TV has determined the following issues are of primary importance to our coverage area:

Health/Welfare/Safety – While the over-all crime rate is no higher than the national average, poverty and a higher than average teenage population contribute to a gang and crime problem. Poverty also results in health and welfare issues including an above average social services caseload and a high number of welfare cases handled by the local hospital.

Culture – The mix of Hispanic/Native American/ and Anglo cultures provide many positive attributes to life in southern New Mexico. Cultural and historical understanding is of great importance.

Business - With an above-average unemployment rate and a below-average income level, the status of the business/agricultural community in southern New Mexico is crucial. Concern over the constant issue of defense spending at the federal level is ongoing in this area due to the presence of several military and NASA installations. Dona Ana County is also actively seeking new businesses and a strong infrastructure exists near the Santa Teresa Border Crossing to boost border trade.

Politics/Public Affairs – Southern New Mexico and the United States have a wide variety of contentious political issues that are of constant interest to the citizens of the involved communities.

Education – With a constantly growing population of children, many of whom use Spanish as their primary language, the school systems in the KRWG-TV viewing area are constantly trying to provide facilities and teachers to meet this growing school age population with limited funds. New Mexico is one of the poorest per-capita states in the nation, which results in a chronic shortage of funds for local education.

Water/Environment – KRWG-TV is located in a desert with two major sources of water: the Rio Grande River and an aquifer that supplies drinking water to Las Cruces and surrounding areas in the Mesilla Valley. Water is the lifeblood of the region and conflicts are escalating over the requirements of a growing urban population and agriculture.

Memory Makeover with Daniel Amen, MD

Saturday, 6/3 at 1130am; Thursday, 6/8 at 9pm; Friday, 6/9 at 3am;

Saturday, 6/10 at 9am & Sunday, 6/11 at 12pm (90min)

Ever misplace your phone, forget someone's name, or struggle to find the right words? Of course, you have. It happens to all of us. But if you find it happening more and more it may be a sign of trouble. Memory is one of the most important functions of the brain, and problems with it are becoming increasingly more common, even among teenagers and young adults. Did you know that 80 percent of people who had COVID-19 later complain of memory and focus issues? In this program, psychiatrist and founder of Amen Clinics Dr. Daniel Amen will show you how you can improve your memory and even rescue it if it's headed for trouble. You will discover some of the most common-and one of the most surprising-causes of memory loss and when you should be concerned. Dr. Amen will share the seven foods and supplements that research shows you can use every day to enhance your memory. And he will show you how to supercharge your memory with 11 simple daily practices.

Library Stories

Unmasking Hope

Sunday, 5/28 at 5pm (90min)

UnMASKing HOPE chronicles the extraordinary stories of a diverse group of trauma survivors who don "masks" that hide their spiritual and emotional pain. From 9/11 and mass shooting survivors, to service members in combat and chronic sexual abuse victims, the film goes behind their MASKS to experience the abuse, social stigma, and moral injury that have scarred their souls. As we are taken on their journey from seclusion to inclusion, we realize that the aggregate stories of these brave individuals share a powerful message of HOPE inspiring us to unMASK our own HOPE.

Unconditional: Healing Hidden Wounds

Sunday, 5/21 at 5pm (90min)

HIDDEN WOUNDS is a revealing documentary about the home healthcare crises of mental wellness. Mental health issues and questions of emotional wellness challenge some 50 million family caregivers each year, and often they do not know it. HIDDEN WOUNDS asks viewers to rethink what they know about mental health issues, which exist not only in the polar extremes often portrayed by the media, but also in varying shades and in places that go unnoticed. Filmed over seven years, the cinema verite film follows three very different families as they discover the impacts, stresses and rewards of caregiving for their loved ones living with disabilities. Kate Hendricks Thomas, a mental health expert and Marine veteran, is facing a terminal breast cancer diagnosis and preparing her husband and 5-year-old son for the future. Luke Bushatz is living with PTSD and TBI from his service in Afghanistan and his young sons and wife share in his struggles. And filmmaker Stephen Lui tells the personal story of caring for his father who is battling Alzheimer's. In a difficult twist, these family caregivers give so much of themselves, they develop emotional wounds of their own. Together, they learn that it's okay not to feel okay. To embrace not knowing what's next. They're vulnerable with their shame and times of weakness. But equally open with how they find their way back by building up their mental strength. HIDDEN WOUNDS informs viewers with new insights about mental health issues and their impact on our collectively lived experience.

Breaking Loneliness

Sunday, 4/16 at 6pm & Monday, 4/17 at 12am (30min)

Breaking Loneliness is a documentary about people finding ways to escape loneliness and social isolation. The documentary was filmed in Edmonton, Calgary and on the Blood Reserve in Southern Alberta, Canada. Loneliness is a social epidemic that is impacting all age groups around the world. Although most of us are connected on social media, we have never felt more alone. Many of us find ourselves isolated from our communities and feeling lonely. In this new documentary, Breaking Loneliness, we follow three people; Indigenous Peer Support Worker John Chief Moon, volunteer Tom Greyson and ESL teacher Julie Kraychy - who have worked to overcome their own loneliness and social isolation and are now helping others to battle theirs.

Optimizing Life

Sunday, 4/2 at 6pm & Monday, 4/3 at 12am (30min)

OPTIMIZING LIFE is a half-hour documentary that shares the stories of people facing life-threatening health crises and dramatically turning their health around by embracing new lifestyle choices. With the help of lifestyle medicine, they learn to eat better, exercise more, and deal with stress. The program provides a glimpse of how lifestyle choices, championed by physicians such as Dr. Dean Ornish, offer Americans healthy options they didn't know were possible.

Just One Thing with Steven Gundry, MD

*Sunday, 6/4 at 9am; Saturday, 6/10 at 1030am & Sunday, 6/11 at 130pm
(90min)*

Aging is not linked, scientifically, with joint pain, memory loss, frailty and a host of other negative stereotypes of getting older. Based on researching the world's longest living people and treating patients at his waitlist clinics six days a week, Dr. Steven Gundry-renowned surgeon, medical researcher and bestselling author-explains why aging doesn't have to equate to decline and loss of freedom. Dr. Gundry then reveals the 'just one thing' that leads to living well until a ripe old age. The program ends with a step-by-step approach to help us feel better and more youthful today while offering revolutionary, yet simple, methods to losing weight, reducing our need for medications and increasing our healthspan.

Energy Switch

Sundays at 3pm except 5/7, ended 5/28 (30min)

Energy and climate are intertwined, two of the most important topics in the world today. Yet viewers know very little about them. This show aims to change that. 'Energy Switch' brings together two renowned experts from government, NGOs, academia and industry, with differing perspectives on important energy and climate topics, such as: Could solar and wind power our future? Or could hydrogen be the dominant energy source? Should we have more or less nuclear power? How should we respond to climate change? What policies most effectively reduce emissions? How could we pay for them? These lively discussions and more are moderated by renowned energy scientist and communicator Dr. Scott Tinker. The show is produced, written and directed by Emmy-winning documentary filmmaker Harry Lynch, creator of the celebrated PBS series 'Great Performances: Now Hear This' and 'Stories of the Mind.'

Getting Dot Older

Yoga in Practice

Monday-Friday at 630am beginning 4/12 (30min)

Yoga is the art and science of aligning the mind, body and spirit to live a richer and more authentic life. It promotes increased awareness, strength and flexibility while reducing stress and anxiety. Yoga may also decrease pain related to common problems such as lower back, hip or shoulder injuries. YOGA IN PRACTICE is a new 13-part series led by master instructor Stacey Millner-Collins of Columbia, South Carolina, who first began the practice in 1994 as a way to unite a dedicated physical discipline with a spiritual one. The series is designed to teach the foundations of yoga to the at-home student, and to encourage a daily yoga practice that is more than simply physical exercise. Each episode focuses on a universal theme, such as "courage" or "the art of slowing down," and includes basic meditation and breathing techniques, further reducing the stress and anxiety associated with modern life.

CLASSICAL STRETCH: By Eccentrics

Monday-Friday at 6am (30min)

Collagen Diet with Dr. Josh Axe

Saturday, 6/3 at 10am (90min)

Dr. Josh Axe is a doctor of natural medicine, a doctor of chiropractic and a clinical nutritionist with a passion for helping people get well using food as medicine. He operates one of the world's largest natural health websites: www.DrAxe.com. He has hosted two previous fundraising programs based on his

bestselling books *Eat Dirt* and *Keto Diet*. In *The Collagen Diet*, Dr. Axe highlights the health benefits of collagen, a protein made in the body but which diminishes with age. Because it's also absent from the typical western diet, many Americans suffer with the consequences of a collagen deficit: achy joints, sagging skin and inflammation, a precursor to chronic disease. Dr. Axe shows viewers how to get more collagen in their diets and effective ways to support the body's ability to make it. Collagen is the most abundant protein in the body. Beyond skin it's found in nails, bone, cartilage, tendons, muscles, the gut lining, the discs that cushion vertebrae, blood vessels, and the outer layer of organs. Because it's woven into so many tissues, it plays a vital role in countless aspects of health. In fact, new research is showing that collagen may help regenerate new tissue, aid in gut repair, boost the immune system, and even increase lifespan.

Title: CURIOUS GEORGE - is an animated series based on the popular books by Margret and H.A. Rey. It airs daily on PBS KIDS aimed at preschool viewers (age's three to five); the goal of the series is to inspire children to explore science, engineering, and math in the world around them. And what better guide is there for this kind of exploration than the world's most curious monkey? George lives to find new things to discover, touch, spill, and chew. Everything is new to George and worth investigating. Of course, in George's hands — all four of them — investigation often leads to unintended consequences! Throughout George's adventures, he encounters and models' basic concepts in each of the three content areas. (To learn more, read about the educational philosophy that drives the series.) While remaining true to the look and feel of the beloved books, the daily series expands George's world to include a host of colorful new characters and locales. Each episode features two animated stories followed by short live-action segments in which real kids investigate the ideas that George introduces in the stories. The series is narrated by Emmy award-winning actor William H. Macy. The CURIOUS GEORGE series also aims to show parents and caregivers how to foster the development of science and math literacy in children. In addition to programming, the series is supported by a substantial educational outreach campaign that develops relevant materials and distributes them to librarians, teachers, community centers, and families. These materials offer activities designed to support and extend the learning objectives of the series.

Title: Work It Out Wombats!- Work It Out Wombats! follows a playful trio of marsupial siblings -- Malik, Zadie, and Zeke -- who live with their grandmother (named Super!) in a fantastical treehouse apartment complex. The Treeborhood is home to a diverse and quirky community of neighbors who just happen to be wombats, snakes, moose, kangaroos, iguanas, fish, tarsiers, and eagles! Each day drops a new challenge into the Wombats' laps, requiring them to find, debug, fix, order (then re-order) -- and create, test, and re-create when things don't go according to plan. But thanks to their creativity and collaborative spirit, their sense of family, and the role they play within the larger Treeborhood community -- as problem-solvers, friends, and neighbors -- the Wombats always win the day. With an educational focus on computational thinking, Work It Out Wombats! introduces preschoolers to a way of thinking that enables them to solve problems, express themselves, and accomplish tasks using the practices, processes, and ideas at the core of computer science, laying important groundwork for success in school and life.

Each adventure will help young viewers make the connection between the skills that made these historical figures heroes and those same qualities within themselves, helping them discover that they, too, can change the world.

KRWG Airdate and Time: *M-F at 8am except 6/5, 6/14 & 6/30 (30min)*

Title: Wild Kratts - "Wild Kratts" joins the adventures of Chris and Martin Kratt as they encounter incredible wild animals, combining science education with fun and adventure as the duo travels to animal habitats around the globe. Each adventure explores an age-appropriate science concept central to an animal's life and showcases a never-before-seen wildlife moment, all wrapped up in engaging stories of adventure, mystery, rescue, and the Kratt brothers' brand of laugh-out-loud-comedy that kids love. Real-life Chris and Martin introduce each "Wild Kratts" episode with a live action segment that imagines what it would be like to experience a never-before-seen wildlife moment, and asks, "What if...?" The Kratt brothers transition into animation and the adventure begins, bringing early-elementary school children into the secret lives of extraordinary creatures,

many of which have never been animated before -- including Tiger quolls, Draco lizards, and Caracals!

NEWSMAKERS

Thursdays at 7pm except 5/4 & 6/8; Saturdays at 5pm except 5/6 & 6/10; Sundays at 11am except 5/7 & 6/11 (30min)

NEWSMAKERS: the region's in-depth source for news from New Mexico and Texas. Every week, Newsmakers features the people, issues, and events that shape our community. Shows in September will focus on our region's role in the future of energy; the new Las Cruces Convention Center; and how New Mexico State University is engaging the scientists of the future by reaching out to area students.

4/6

Issues in Animal Welfare

New Mexico ranks between 48th and 50th in animal welfare according to Animal Advocates for Change. The organization was founded to address the policy side of the problem including laws to reduce abuse and neglect, increase compliance with existing ordinances, enhance population management, reduce the risk of injury, and more. AAFC Co-founders Kathe Stark and Geri Wheelis join KC Counts on Newsmakers to discuss their efforts and we'll hear from Michel Munier, the founder of Action Programs for Animals, who will tell us about efforts from the rescue perspective.

4/13

Adult-Use Cannabis Sales Mark One Year

At the beginning of April, New Mexico marked one year as one of 21 states with legal adult-use cannabis sales. Since then, \$300 million in sales have been made. The Executive Director of the New Mexico Cannabis Chamber of Commerce, Ben Lewinger, will join KC Counts to help us understand what that means for the state's economy and to offer his perspective on the future of the industry. Marvinna Thomas, founder and CEO of Fourtwenty Collections, talks about her experience becoming one of the first women of color to be a multi-state operator after launching her business in Las Cruces. That's all this week on Newsmakers from KRWG Public Media.

4/20

Tularosa Downwinders Consortium

On this episode we learn about an organization working to receive compensation from the federal government for damages caused by the Trinity Nuclear Test in 1945. Tina Cordova, founder of the Tularosa Down Winders Consortium, will be joining the program. In two packages, we will learn about the Downwinders' bi-annual protest at the Trinity Site, and we will hear about Holtec International's efforts to build a nuclear storage facility in Southeast New Mexico.

4/27

Migration in the Borderland and the Climate Charter Question Facing El Pasoans

As the end of Title 42 nears, thousands of migrants have been living in dangerous conditions, waiting for their chance to make a claim for asylum in the U.S. KC Counts will speak with El Paso Times Border Reporter Lauren Villagran about her coverage over the years and what we might expect after the end of the pandemic-era restrictions on asylum-seekers. KRWG Public Media Scholar Noah Raess examines the unique challenges faced by young migrant workers and how the College Assistance Migrant Program helps. Plus, El Paso voters will be deciding on Prop K and other ballot measures May 6th. Dominic Chacon of Sunrise El Paso will offer his organization's response to claims that the climate charter would destroy El Paso's economy.

5/11

Borderland Crimes Podcast

True crime has captured the imagination of many. Right here in the borderland, KVIA news anchor Stephanie Valle has been producing a podcast about local crimes that have shocked us, saddened us, angered us and held our attention for years, and even decades. Valle joins the program to discuss some of those cases including the Las Cruces Bowling Alley massacre, still unsolved after more than 30 years.

5/18

Affordable Housing in Las Cruces

On this episode, we will hold a discussion with City of Las Cruces Housing and Neighborhood Services Manager Natalie Green. The discussion will be centered around affordable housing issues within Las Cruces, how the local government is working to address the issue, how to best respond to the issue of the growing population of people experiencing homelessness, and issues of food insecurity.

5/25

Native American Issues

The American Indian Program at New Mexico State University aims to enable Native American Students to successfully achieve their post-secondary goals, producing graduates who, according to the program's website, are self-actualized, successful role models who are viable, contributing members to the health, welfare, and peace of tribal communities and humanity. The program's director, Michael Ray, will join KC Counts to discuss these issues by examining our past, present and future.

6/1

Issues in Animal Welfare

New Mexico ranks between 48th and 50th in animal welfare according to Animal Advocates for Change. The organization was founded to address the policy side of the problem including laws to reduce abuse and neglect, increase compliance with existing ordinances, enhance population management, reduce the risk of injury, and more. 6/15

Climate Policy And The Future Of Energy

Several organizations including ProgressNow New Mexico came together to criticize the failure of several climate initiatives this past legislative session. They included measures to incentivize individuals to turn to products they can use in their everyday lives that rely more on renewable energy and less on fossil fuels. It's no secret that New Mexico is incredibly reliant on revenue from the fossil fuel industry for the state budget. ProgressNow New Mexico's Energy Policy Director Lucas Herndon joins KC Counts to discuss what happened during the session and what New Mexico's energy future may look like.

6/22

Pride Month

June is Pride Month and on this episode of Newsmakers, KC Counts will be joined by State Senator Carrie Hamblen and PFLAG Las Cruces Chapter President Ryan Steinmetz to discuss issues facing the LGBTQ+ community and how the state of New Mexico addressed some of those issues during this year's legislative session. We'll also hear about the significance of Pride Month and its history as well as what Pride Month activities mean to the community.

6/29

Children of Nazi Scientists Educated in El Paso, TX

UTEP Professor and Author Dr. Jonna Perrillo examines the history of how children of Nazi scientists were educated in El Paso and compares that education to that received by Mexican American children in the community post WWII. KC Counts talks with Dr. Perrillo about her book *Educating the Enemy: Teaching Nazis and Mexicans in the Cold War Borderlands*, which has been awarded the Southwestern Book Award by the Border Regional Library Association and the Bolton-Cutter Prize from the Western History Association. We'll also take a trip down memory lane with another important part of El Paso history – its famous streetcars, which began operating again a few years ago.

NEWS 22

Tuesday-Thursday at 6:30pm ended 5/4 (30min)

Student produced nightly news show for Southern New Mexico and West Texas.

KRWG-FM Las Cruces, New Mexico
KRXG-FM Silver City, New Mexico
Quarterly Program Topic Report
2nd quarter, 2023

Through meetings with local community leaders, review of area newspapers and other publications, and production of daily newscasts (Monday-Friday), the staff of KRWG-FM/KRXG-FM has determined that the following issues are of primary importance to the citizens within our coverage area:

1. Arts, Entertainment, and Culture – The mix of Hispanic/Native American/ and Anglo cultures provide many positive attributes to life in southern New Mexico. However, this same mix results in an on-going undercurrent of conflict among the cultures. Cultural and historical understanding is of on-going importance in this area. The area includes a diverse mix of arts and entertainment, including local musicians and performance venues and efforts to build a film industry.

2. Business, Economic Development, Environment - With an above-average unemployment rate and a below-average income level, the status of the business/agricultural community in southern New Mexico is an important issue. Concern over the constant issue of defense spending at the federal level is ongoing in this area due to the presence of several military and NASA installations. Dona Ana County is also actively seeking new businesses and a strong infrastructure exists near the Santa Teresa Border Crossing, which is also a source of news and related issues. Environmental concerns are often at odds with economic development pressures.

3. Local Public Affairs and Education– Southern New Mexico has very intensive governance and political issues that are of constant interest to the citizens of the involved communities, which include a variety of elected and appointed officials. The area is also making efforts to improve education and has a variety of elected school boards.

Stories placed in these three main categories are broadcast on local newscasts each weekday (Monday-Friday) at 645, 745, 845, 1644, 1744, and 1844.

Story descriptions and broadcast time(s) are listed on the upcoming pages by topic area.
