REGENCY MATTERS

1. ENMU Chancellor Search Presentation by Recommended Search Firm, EFL
   Dr. Patrice Caldwell said the search firm committee reviewed applicants, scored their proposals on a rubric, and considered cost proposals. Following discussions to determine strengths and weaknesses, the committee recommends EFL Associates for the presidential search firm.

   Dr. Wynn Goering spoke on behalf of EFL and said they have undertaken searches for all size campuses, but particularly smaller, rural institutions. Their first mission, if chosen, would be to get to know ENMU.

   Ms. Michelle Peterson spoke on specifics of their marketing and recruitment strategy. The first step would be sourcing candidates and funneling them through to the search committee chairperson. Online sources, LinkedIn, and emails to targeted persons are the main method used to locate potential candidates.

   Regent Pyle asked if EFL would provide training on New Mexico law pertaining to a national search. Dr. Goering responded they would and that the primary communication during the search would be through the committee chairperson.

7. **ENMU-Portales FY23 Operating Budget Request**  
Mr. Smart deferred the operating budget presentations to Mr. Tony Major. Mr. Major  
said ENMU will receive a 21% increase in Instruction and General State  
appropriations. The forecast is flat for fall 2022 enrollment, with a 3% tuition increase  
and a 4% increase in student fees, totaling $19.2M in revenue.

The expenditure budget is $51.2M, reflecting a 10% increase from last year related  
primarily to compensation. The $15 per hour minimum wage increase caused some  
compression issues, which have now been corrected.

Auxiliary revenues are budgeted to increase by 11%, reflecting the uncertainty in  
enrollment trends. There is a projected increase in Public Service revenue as the result  
of state support for KENW operations and a slight decline for the Athletic department  
revenue from the reduction in state support during the June 2020 Special Session and  
2021 Legislative Session. The state appropriation for Athletics was $310K recurring  
and $400K non-recurring.

Mr. Major confirmed all budgets are in balance using recurring revenues and are  
following all state requirements.

as presented. Regent Bustos seconded the motion.  
Vote: 5-0-0. Motion approved._

8. **ENMU-Roswell FY23 Operating Budget Request**  
Mr. Major reported no increase in tuition and fees and predicts flat enrollment for fall  
2022. Operating revenues are budgeted at $19.2M, including I&G revenues which are  
projected to increase by $1M due to mandatory compensation increases.
ENMU-Roswell will have two new facilities online next year, and anticipate increased operating expenses. Capital outlay expenditures are budgeted at $6.885M to cover electrical panel upgrades, exterior lighting and video surveillance, restroom upgrades, and sewer line replacement.

This budget maintains campus operations and provides for much-needed investment in campus infrastructure and faculty and staff, and meets all state requirements.

**Regent Ruiz moved to approve the ENMU-Roswell FY23 operating budget request as presented. Regent Head seconded the motion.**  
**Vote: 5-0-0. Motion approved.**

9. **ENMU-Ruidoso FY23 Operating Budget Request**  
Mr. Major said the Ruidoso campus anticipates an increase in enrollment for fall 2022, and state appropriations are expected to increase in the amount of $137K, which includes money for compensation and dual credit funding.

Expenditures are expected to change slightly due to the estimated increase in utility costs and overall operating expenses due to more building square footage. The $1.2M property acquisition is expected to be complete by July 31.
