

KDNK UNDERWRITING POLICY

These policies are designed to uphold the non-commercial essence of KDNK Community Radio. Our audience cherishes this attribute as a defining element that sets public radio apart in terms of both its sound and content.

It is imperative for KDNK to sustain underwriting verbiage that is non-promotional, concise, and intellectually enriching, ensuring active listener participation, while maintaining alignment with FCC regulations.

To ensure the uniformity of our audio presentation, all messages are either read LIVE on-air by our volunteer DJs and News staff, or prerecorded by a member of KDNK staff
