Be heard by one million highly-responsive public radio listeners across Michigan.
We are Michigan's NPR News Leader.

Providing independent award-winning journalism for nearly 75 years, Michigan Radio’s mission is to uncover the facts, share the stories, and create the connections that give meaning to our complex world.

The Michigan Radio/NPR audience makes public radio more than just a part of their day: they make it part of their lives. Our audience turns to us for long-form journalism and storytelling that changes lives.

For brands, this means the opportunity to connect with people when they are truly listening.
