**INDEPENDENT AUDITOR'S REPORT**

To The Board of Regents  
Salisbury University  
Salisbury, Maryland

**Report on the Financial Statements**

We have audited the accompanying statements of net position of Delmarva Public Radio – WSCL-FM and WSDL-FM (“the Stations”) as of June 30, 2021, and the related statements of revenues, expenses, and changes in net position, and cash flows for the year then ended and the related notes to the financial statements.

**Management’s Responsibility for the Financial Statements**

The Stations’ management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

**Auditor’s Responsibility**

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor’s judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Stations’ preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Stations’ internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

**Opinion**

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Stations as of June 30, 2021 and 2020, and the changes in its net position and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

## **Emphasis of Matter**

As discussed in Note 1, the financial statements of the Stations (WSCL-FM and WSDL-FM) are intended to present the financial position, changes in financial position and cash flows of only that portion of the activities of Salisbury University that is attributable to the transactions of the Stations. They do not purport to, and do not, present fairly the financial position of Salisbury University as of June 30, 2021, the changes in its financial position or its cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

## **Other Matters**

### *Required Supplemental Information*

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis on pages 3 - 6 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

### *Other Information*

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental Schedule of Non-Federal Financial Support is presented for purposes of additional analysis and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the Schedule of Non-Federal Financial Support is fairly stated in all material respects in relation to the financial statements as a whole.

## Management's Discussion and Analysis Years Ended June 30, 2021 and 2020

### Introduction

This section of the report provides a discussion and analysis of Delmarva Public Radio – WSCL-FM and WSDL-FM (the “Station”) financial performance for the year ended June 30, 2021. This analysis should be read in conjunction with the Stations’ basic financial statements and the notes to the basic financial statements.

### Overview of the Financial Statements

The three primary financial statements of the Stations presented are the Statement of Net Position, the Statement of Revenues, Expenses, and Changes in Net Position, and the Statement of Cash Flows. These statements are prepared in conformity with accounting principles generally accepted in the United States and as prescribe by Government Accounting Standards Board (GASB).

The notes to the financial statements provide required disclosures and other information that are essential to full understanding of the material data provided in the statements. The notes present information about the Stations’ accounting policies, significant account balances and activities, obligations and subsequent events, if any and can be found beginning on page 10 of this report.

The information contained in the basic financial statements of the Stations is incorporated within Salisbury University’s Annual Financial Statements.

### Statements of Net Position

The Statements of Net Position present the financial position of the Stations at the end of the fiscal year and includes all assets and liabilities of the Stations. Assets and liabilities are presented as either current or noncurrent to provide an indication of their anticipated liquidation. The difference between total assets and total liabilities equals net position. The net position is an indicator of the current financial condition of the Stations. A summary of assets, liabilities, and net position at June 30, 2021 and 2020, is as follows:

<i>For The Years Ended June 30,</i>	<b>2021</b>	<b>2020</b>
<b>Assets</b>		
Current assets	\$ 19,944	\$ 13,749
Capital assets, net of accumulated depreciation	229,189	295,084

**Management's Discussion and Analysis  
Years Ended June 30, 2021 and 2020**

**Fiscal Year 2021 compared to Fiscal Year 2020**

- Current Assets in fiscal year 2021 increased by \$6,195 or 45% over fiscal year 2020 mainly due to an increase in accounts receivable compared to fiscal year 2020.
- Current Liabilities in fiscal year 2021 decreased by \$105,024 or 41% over fiscal year 2020. This decrease is due primarily to a decrease in accrued payroll and due to Salisbury University.
- Total Net Position in fiscal year 2021 increased by \$44,923 compared to fiscal year 2020.

**Statements of Revenues, Expenses and Changes in Net Position**

The Statements of Revenues, Expenses, and Changes in Net Position present the Stations' results of operations. The statements distinguish revenues and expenses between operating and non-operating categories and provide a view of the Stations' operating margin. A summary of revenues, expenses, and changes in net position for the years ended June 30, 2021 and 2020, is as follows:

<i>For The Years Ended June 30,</i>	<b>2021</b>	<b>2020</b>
Operating Revenues	\$ 595,045	\$ 562,010
Operating Expenses	852,563	1,052,534
Operating income (loss) before non-operating revenues	(257,518)	(490,524)
Non-operating Revenues	302,441	310,250
Total Changes in Net Position	44,924	(180,274)
<b>Net Position</b>		
Net position at June 30, 2020	23,078	203,352
Net position at June 30, 2021	\$ 68,001	\$ 23,078

**Fiscal Year 2021 compared to Fiscal Year 2020**

- Total Operating Revenues for fiscal year 2021 increased by \$33,035 or 6% from fiscal year 2020. This fluctuation is mainly due to an increase in grants from the Corporation for Public Broadcasting.
- Total Operating Expenses in fiscal year 2021 decreased by \$199,971 or 19% compared to fiscal year 2020, due to a decrease in support services.
- Non-operating Revenues in fiscal year 2021 decreased by \$7,809 or 3% from fiscal year 2020 mainly due to a decrease in Donated Facilities and Administrative Support.

**Statements of Cash Flows**

The Statements of Cash Flows provide information about the Stations' receipts and disbursements of cash during the year. These statements also assist users in assessing the Stations' ability to generate net cash flows, its ability to meet its obligations as they come due, and its need for external financing. A summary of cash flows for the years ended June 30, 2021 and 2020, is as follows:

<i>For The Years Ended June 30,</i>	<b>2021</b>	<b>2020</b>
Net cash provided (used) by operating activities	\$ (250,000)	\$ (250,000)
Net cash provided (used) by non-capital financing activities	250,000	250,000

**Economic Factors That Will Affect The Future**

The economic outlook for DPR is dependent on various external and internal factors.

- Delmarva Public Media collaboration: Fiscal year 2021 was the first year of the Delmarva Public Media (DPM) collaboration, which consisted of the DPR and WESM's stations. Working as the collaborative DPM, DPR was able to limit spending, partly to pandemic-related restrictions, business operations changes, and temporary reductions. The DPM collaboration also found savings on shared expenses, such as membership to professional organizations and associations. DPR anticipates future savings on more sharing of roles and position descriptions, as well as in other areas. In addition, having a three-station collaborative provides a more attractive product for potential underwriters and grant funders.
- Programing Changes: During the fiscal year 2020, DPR (WSCL and WSDL) decided on significant programming changes which were launched on July 1, 2020. These changes included removing the flagship National Public Radio (NPR) news programs from WSCL and WSDL, saving over \$100,000 per year. DPM collaboration partner WESM now carries NPR news programs exclusively, allowing WSCL and WSDL to offer alternatives during drive time (classical music and BBC news). Listeners have three different drive time programming options. DPM focused on marketing the launch of its new collaborative brand and programming changes to the extent it could during the pandemic. Listeners' and donors' reactions to the programming changes have been mostly positive, and donations were not drastically impacted.
- Underwriting Support: DPM has been working collaboratively to raise underwriting support for DPR and WESM. The underwriting revenue generation has faced significant challenges, mainly due to the COVID-19 pandemic crisis. At the end of the fiscal year 2020, DPR changed the staffing and position description of the full-time sales position. DPM conducted two searches and filled the position after a year-long vacancy. The vacancy disrupted attempts to raise underwriting funds but

saved DPR on personnel costs. Toward the end of fiscal year 2021, DPM started to see a positive economic shift in underwriting revenue. Early in the fiscal year 2022, DPM saw an increase in interest in underwriting and underwriting revenue, which is expected to continue. In fiscal year 2021, DPM expanded its digital marketing efforts and products to remain in contact with leads that DPM could not see physically during the pandemic.

- Special Events Funding: In the fiscal year 2021, the DPM collaboratively held modified on-air fund drives and its regular mail campaigns. The modified fund drives had some success but did not engage as many new donors or fringe donors as a typical fund drive would. DPM's end-of-year campaign included a partnership with a local food bank, which was very successful. DPM's end-of-year campaign saw success, particularly from regular donors making additional gifts to make up for underwriting and general fundraising challenges.
- Competition: One of DPM's main competitors in the radio market has sold its signal in our listening area. With the removal of this signal, DPM is hopeful that terrestrial radio listeners will rely on and return to donating to their local stations, including those in the DPM collaboration. With the continued competition from other media formats (streaming, podcasts, on-demand music, and smart speakers), DPM is investing in the redevelopment of its website, establishing a smartphone app, and marketing digital assets.

**Notes to Financial Statements  
Years Ended June 30, 2021 and 2020**

**Note 1 - Reporting Entity**

Delmarva Public Radio – WSCL-FM and WSDL-FM (“the Stations”) is a non-profit, National Public Radio Station licensed and owned by Salisbury University (the “University”). The Stations which broadcast in stereo on a frequency of 89.5 MHz and 90.7 MHz began operating in 1987 and serves the Salisbury/Ocean City Metropolitan area. Both the University and the Stations are governed by a Board of Regents appointed by the Governor of Maryland.

The financial activity of the Stations is included in the financial statements of the University. These accompanying financial statements of the Stations present only that portion of the business-type activities of the University that is attributable to the transactions of the Stations. They do not present the financial position, changes in financial position, or cash flows of the University. The Stations are dependent upon support from the Corporation for Public Broadcasting, the University and the public.

**Note 2 - Summary of Significant Accounting Policies**

(a) Basis of Accounting

The Stations’ financial statements have been prepared using the economic resources measurement focus and the accrual basis of accounting. Under the accrual basis of accounting, revenues are recognized when earned and expenses are recorded when an obligation is incurred.

(b) Use of Estimates

The preparation of financial statements in conformity with accounting principles general accepted in the United States requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

(c) Cash Equivalents

The Stations participate in the University’s pooled investment accounts. For financial statements purposes, all highly liquid investments with an original maturity of three months or less that are held by the University for the benefit of the Stations are considered cash equivalents.

(d) Accounts Receivable

Accounts receivable consists of amounts due to the Stations for underwriting contracts and other miscellaneous revenue sources. Accounts receivable are presented at their net realizable amount. The allowance for doubtful accounts as of June 30, 2021 and 2020 were \$0 and \$ 0, respectively.

(e) Music Collections

The Stations have adopted a policy of not capitalizing its music collections in its financial statements. Accordingly, no music collection items are recognized as assets. The music collections

Music Collections (continued)

are made up of rare and out-of-print music recordings of musical significance that are held for educational, research, and public broadcasting purposes. Each of the music recordings is cataloged, preserved, and cared for, and activities verifying their existence and assessing their condition are performed continuously.

(f) Capital Assets

Capital assets are recorded at cost at the date of acquisition, or fair market value at the date of donation. The University's capitalization policy includes all equipment with a unit cost of \$5,000 or more, and an estimated useful life of greater than one year. Depreciation is computed using a straight-line basis over the estimated useful lives of the assets. Capital assets purchased during the fiscal year is treated as though was placed in service on the first day of the fiscal year and a full-year's depreciation is taken. The useful lives of the following categories of capital assets are as follows:

Building and improvements	20 - 40 years
Studio and Other equipment	3 - 15 years

(g) Compensated Absences

Employee vacation pay is accrued at year-end for financial statement purposes. The liability and expenses incurred are recorded at year-end as accrued vacation in the statement of net position, and as a component of the appropriate functional category of expenses in the statement of revenues, expenses, and changes in net position.

(h) Net Position

The Stations' net position is classified for financial reporting in the following net position categories:

- ***Net Investment in Capital Assets***: This represents the Stations' total investment in capital assets, net of accumulated depreciation and outstanding principal balances of debt, if any, attributable to the acquisition, construction or improvement of those assets.
- ***Unrestricted***: Unrestricted net position represents resources derived from donations, underwriting income, and other miscellaneous income.

(i) Revenue Recognition

Underwriting income represents income generated from advertising spots purchased by corporate sponsors. Deposits and monies received for advertising spots in advance of airing a spot are not recognized as underwriting income until completion of the airing of the advertising spot.

(j) Classification of Revenues and Expenses

The Stations have classified its revenues as either operating or non-operating according to the following criteria:

**Operating:** Operating revenues include activities that have the characteristics of exchange transactions such as donations, grants income, underwriting income and other miscellaneous income.

**Non-operating:** Non-operating revenues include activities that have the characteristics of nonexchange transactions such as appropriations from Salisbury University and donated facilities and administrative support from Salisbury University.

(k) Donated Facilities and Administrative Support

The University provides certain facilities and administrative support to the Stations. Donated facilities and administrative support represent the Stations allocated amounts of institutional support and donated facilities and is recorded as revenues and expenses in the Statement of Revenues, Expenses, and Changes in Net Position. Institutional support is based on the Stations pro-rata share of the University's total salaries, wages, and administrative expenses. Donated facilities are the Stations pro-rata share of the University's total plant expenses along with calculated occupancy costs permitted by the Corporation for Public Broadcasting. For the year ended June 30, 2021, the Stations allocated amounts of donated facilities and administrative support are calculated based on amounts stated in the University's audited financial statements.

(l) Appropriation From Salisbury University

The appropriation from Salisbury University represents support from the University for salaries and operating expenses not provided through other sources.

(m) Income Taxes

The Stations are a component of Salisbury University (a political subdivision of the State of Maryland) and are exempt from federal income taxes under the provisions of Section 115 of the Internal Revenue Code. Accordingly, no provision for income taxes has been reflected in the Stations' financial statements.

(n) Risk Management

The Stations are part of the University's overall risk management program. The Stations are exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to and illnesses of employees; and natural disasters. The Stations, through the University, participate in the State's various self-insurance programs. The State is self-insured

for general liability, property and casualty, workers' compensation, environmental and antitrust liabilities, and certain employee health benefits.

The State allocates the cost of providing claims servicing and claims payment by charging a "premium" to the University based on a percentage of the University's estimated current-year payroll or based on the average loss experienced by the University. This charge considers recent trends in actual claims experience of the State as a whole and makes provisions for catastrophic losses.

**Note 3 - Cash and Cash Equivalents**

The Stations participated in the University's pooled cash accounts for fiscal years 2021 and 2020 and pooled investment accounts for fiscal years 2021 and 2020. For fiscal years 2021 and 2020, cash and cash equivalents are held as cash by the University on behalf of the Stations. For purposes of basic financial statements for fiscal year 2021, cash and cash equivalents consist of the University's bank deposits, and other investments with original maturities of three months or less.

**Note 4 - Noncurrent Liabilities**

Changes in noncurrent liabilities consisted of the following for the year ended June 30, 2021:

	<u>Balance June 30, 2020</u>	<u>Additions</u>	<u>Reductions</u>	<u>Balance June 30, 2021</u>	<u>Amount Due Within One Year</u>
