

KUAF Public Radio Quarterly Report

Fourth Quarter 2024 (October 1, 2024 – December 31, 2024)

Produced December 5, 2025

KUAF identifies important community issues through on-going contact with public officials and area leaders, in addition to KUAF listeners who regularly contact the station with ideas and suggestions. KUAF produces a daily, hour-long news and public affairs program called 'Ozarks at Large' that is broadcast twice every weekday at 12 noon and 7 p.m. The show is also broadcast on Sundays at 9am. KUAF's reporters produce long-form, in-depth reports on a wide variety of topics. KUAF also broadcasts 12 hours of national and international news programs every day produced by NPR and other public radio partners. KUAF also produces a segment for each weekday during Morning Edition called the Community Spotlight, that highlights non-profit and educational work being done in the listening area.
