

A talk with a star

Star in the sky, up so high
Come down, come down from up there.
It's fun down here, it's fun down here
It makes me cry to see you so high,
You might fall down from up there.
I'm very worried and I care.
If you fall where will you be?"
"Where you cannot see me"
So come down here becuae if you fall
I will not have anybody to speak to at all.
Good bye, good bye I had lots of fun talking to you,
Now I have to go becuae I have school and you do too.
So good bye, good bye.
See you another day I hope.
