**More than 400 friends and staff of St. Louis Public Radio gather for this annual event celebrating the power of public service journalism.**

STLPR is 100% community supported, and you are uniquely suited to support our 2026 Premium Silent Auction. Contributing a package to the auction lineup is an opportunity to connect directly with STLPR supporters while showing your support for this vital public service.

### The Premium Silent Auction

The Auction is a fundraising initiative that draws in person and virtual attention. Receiving upwards of 150 bids, this is an increasingly important revenue stream for the Hear the Future Event. Packages range from culinary experiences, to one-of-a-kind instruments, to international adventures. Participating organizations receive promotion at Hear the Future 2026 + in web and email promotions leading up to the event.
