

KUAF Public Radio Quarterly Report

Third Quarter 2026 (July 1, 2026 – September 30, 2026)

Produced October 8, 2026

KUAF identifies important community issues through ongoing contact with public officials and area leaders, in addition to KUAF listeners who regularly contact the station with ideas and suggestions. KUAF produces a daily, hour-long news and public affairs program called 'Ozarks at Large' that is broadcast twice every weekday at 12 noon and 7 p.m. The show is also broadcast on Sundays at 9 a.m. KUAF's reporters produce long-form, in-depth reports on a wide variety of topics. KUAF also broadcasts national and international news programs produced by NPR and other public radio partners. KUAF produces Community Spotlight segments highlighting nonprofit and educational work being done in the listening area, as well as local music features and daily newscasts.

Below is a list of local stories and programs aired during the third quarter of 2026, organized by subject and program series.

1 Government and Public Affairs
