

Eugene Field Elementary

BOE REPORT - Sept. 2026

CHARACTER STRONG - We had our first Character Strong assembly with our Kindness winners in grades 1-4 on September 4th. The kids loved coming together in the gym and it was so much fun to watch them get excited to see their friends win and not only celebrate with them, but for them! The teachers loved seeing their prior students win and cheer for them too!

HITTING THE GROUND RUNNING - The students are settling in and off to a great start. Most of our students have taken some sort of assessment to show how the summer fared with their education. We are meeting the students where they are and working to take every measure to move them the greatest distance forward. Our teachers are taking their plan time once a week to have what we call collab or team time. They have an agenda and items to discuss and data to review as a group. We have been super proud and impressed with how efficiently they work on their teams and want what is best for our students.

PARENT INFORMATION NIGHT - Our 4th grade teachers held a back to school parent information night on Sept 2nd. We had a great turn out and the teachers did a wonderful job informing parents what is expected in each subject area and what to look for each night for homework.

SHOUT OUTS - A big shout out to both Kaylyn Sander and Valerie Clements. They are true professionals and continually face hard conversations that they do not always know the why on and do a tremendous job handling themselves. I would also like to give a shout out to Barb Mackey for volunteering her time on Registration Day to help out. She also does a great job of organizing all of our paras and puts in a tremendous amount of extra time, thought and training into the paras and making them the best they can be. It is great teachers like her that make our district such a great place! Last shout out to our School Nurse Makenzie Ramsey. All elementary nurses deserve kudos, but especially ours. She keeps amazing records and this helps when we have our Student Success Team to better understand the whole child. Nurse Ramsey has seen 464 students in our first 12 days of school. She has been busy!
