# GREAT THINGS HAPPEN AT WQLN

## Meet the STREAM Machine: WQLN's Outdoor Classroom Adventure

For over two decades, WQLN PBS has been an approved Educational Improvement Organization under Pennsylvania's Educational Improvement Tax Credit program. We're excited to introduce our new state-approved program, the WQLN PBS STREAM Machine. It's the only initiative in our area creating outdoor classrooms in communities with the greatest needs. Local businesses can invest in shaping a skilled workforce for tomorrow's challenges through STREAM education. More information is available at (814) 217-6001.

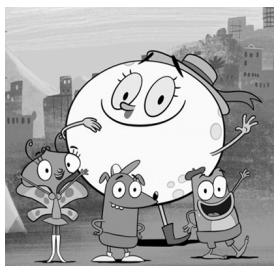

## Changing Planet: Coral Special

Examine the issues facing the planet's most threatened ecosystems. Join conservation scientist Dr. M. Sanjayan in the third year of this seven-year project for a global environmental health check of one of Earth's seven bellwether biomes. These vulnerable habitats are changing, revealing surprising animal behaviors as species adapt. In this special, Dr. Sanjayan visits the Maldives to take an in-depth look at coral reefs and the urgent efforts to help them survive climate change.

## New on Masterpiece

Innocent village Subpostmasters were accused of theft caused by errors in the Post Office's computer system on "Mr. Bates vs. The Post Office," premiering April 7 at 9 p.m. "Alice and Jack" concludes April 21 at 10 p.m. when, more than a decade after their romance began, the title characters face their greatest obstacle. And "Guilt" returns for its third and final darkly funny season, beginning April 28, when Max and Jake face a familiar danger in Edinburgh.

## Eclipse Day Adventure!

The STREAM Team will be at Werner Books on Monday, April 8, beginning at 1:30 p.m. Many schools in our region will either be closed or remote that day, so this is a great time to stop by and do a fun "Let's Go Luna!" activity and grab a free STREAM kit while you're waiting for the eclipse to begin. STREAM kits include science, technology, reading, engineering, art, and math supplies and activities that your family can enjoy together.

## NOVA: Great American Eclipse

Explore the spectacular cosmic phenomenon of a total solar eclipse. On April 8, the moon's shadow will sweep across Erie. Locations in the path of totality will plunge into darkness for approximately four minutes. Learn how to watch the eclipse safely and follow scientists as they work to unlock the secrets of our Sun. Explore why its atmosphere is hundreds of times hotter than its surface. What causes solar storms, and how we might predict them?

## Classical LOLs: April Fool's Fun

Classical music can come off as “oh so serious” sometimes, but many composers have a vivid sense of humor. Composers will often interject a little veiled (or not so veiled!) humor into their music, and on Monday, April 1, we will explore some delightful musical jokes on “Classics with Brian Hannah.” Hope you can join us from 9 a.m. - 1 p.m. for a day full of fools!

PS. There are so many jokes about composers that I could make you a Liszt. But my favorite? What do a viola and a lawsuit have in common? Everyone is relieved when the case is closed!

Happy April Fool's Day!

## Broadway Magic with Erie's Finest

This April 13, the Erie Philharmonic will feature an all-star cast of legendary Erie voices as the Phil and Phriends transport us to BROADWAY! It will be a magical evening featuring music from “Phantom of the Opera”, “Wicked”, “Les Misérables”, “A Chorus Line”, and more. But before these Erie powerhouse voices hit the stage, “Classics with Brian Hannah” will offer a little Broadway primer. Your favorite musicals by your favorite composers and lyricists on your favorite listener-supported public radio station. I hope you can join us on Friday, April 12, from 9 a.m. - 1 p.m.!

Brian Hannah, Host of Classics with Brian Hannah
