Independent Auditor's Report

INDEPENDENT AUDITOR'S REPORT

To the Management of Public Radio East (WTEB-FM) and Affiliate and
The Board of Trustees of Craven Community College
New Bern, North Carolina

Opinion

We have audited the accompanying financial statements of Public Radio East (WTEB-FM) and its affiliate, Public Radio East Foundation, a component unit of Craven Community College, which comprise the statements of net position, as of June 30, 2025 and 2024, and the related statements of revenues, expenses, and changes in net position, and cash flows for the years then ended, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Public Radio East (WTEB-FM) and Affiliate as of June 30, 2025 and 2024, and the changes in its net position and its cash flows for the years then ended in accordance with the accounting principles generally accepted in the United States of America (GAAP).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Public Radio East (WTEB-FM) and Affiliate and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Public Radio East (WTEB-FM) and Affiliate's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists.

The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Public Radio East (WTEB-FM) and Affiliate's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Public Radio East (WTEB-FM) and Affiliate's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Report of Prior Year Information

Other auditors previously audited Public Radio East (WTEB-FM) and Affiliate's 2024 financial statements, and expressed an unmodified audit opinion on those audited financial statements in their report dated March 4, 2025. In our opinion, the information presented herein as of and for the year ended June 30, 2024, is consistent, in all material respects, with the audited financial statements from which it has been derived.

Management's Discussion and Analysis

**Public Radio East (WTEB-FM) and Affiliate
(A Component Unit of Craven Community College)
Management's Discussion and Analysis
June 30, 2025 and 2024**

The information in this section is intended to provide a general overview of Public Radio East (WTEB-FM) and its affiliate, Public Radio East Foundation (Foundation), a component unit of Craven Community College's financial statements and is based upon the information contained in the financial statements accompanying this discussion and analysis. The user is encouraged to reference the appropriate section of the financial statements for the supporting detailed information.

Overview of the Financial Statements

Public Radio East's discussion and analysis (MD&A) provides an overview of Public Radio East's financial performance during the fiscal years ended June 30, 2025 and 2024, based on currently known facts and conditions; and is designed to assist readers in understanding the accompanying financial statements. The MD&A, financial statements and notes are the responsibility of Public Radio East's management. Since the MD&A is designed to focus on current activities, resulting change, and currently known facts, it should be read in conjunction with Public Radio East's financial statements and the related footnote disclosures.

Basic Financial Statements

The basic financial statements present information for Public Radio East as a whole, in a format designed to make the statements easier for the reader to understand. The statements in this section include the Statement of Net Position; the Statement of Revenues, Expenses, and Changes in Net Position; and the Statement of Cash Flows.

The Statement of Net Position presents information on all of Public Radio East's assets and liabilities, with the difference between the two reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of Public Radio East is improving or deteriorating.

The Statement of Revenues, Expenses, and Changes in Net Position report Public Radio East's results of operation for the fiscal year. It presents the revenues earned by Public Radio East's and the expenses incurred by Public Radio East, both operating and nonoperation, and any other revenues, expenses, gains, and losses received or spent by Public Radio East. It is intended to summarize and simplify the user's analysis of the cost of various Public Radio services to students and the public.

The Statement of Cash Flows provides information regarding the Foundation's cash receipts and cash payments during the reported period. This statement reports cash receipts, cash payments, and net changes in cash resulting from operations, investing, and financing activities. The statement reconciles the beginning cash as of July 1, 2024, to the ending cash as of June 30, 2025. The statement also includes comparative information.

The Notes to Financial Statements provide additional information that is essential to a complete understanding of the data provided in the basic financial statements.

Condensed Statement of Net Position

The Statement of Net Position presents the assets (current and noncurrent), liabilities (current and noncurrent), and net position (total assets minus total liabilities) of Public Radio East. This statement provides a fiscal snapshot of Public Radio East's financial position as of June 30, 2025 and 2024.

| Total net position | <u>\$ 814,699.52</u> | <u>\$ 712,686.66</u> | <u>\$ 102,012.86</u> |

Notable changes in the Condensed Statement of Net Position include:

- Total assets increased by \$65,155.53. Current assets increased by \$106,592.02 primarily due to an increase in restricted cash and cash equivalents. Though overall revenues were consistent year to year, overall operating expenses in FY25 were less than in FY24. Noncurrent assets decreased by \$41,436.49 as a result of decreases across the board in fixed assets due to depreciation, leased assets and receivables related to lease agreements.
- Total liabilities decreased by \$16,396.18. This was primarily due to decreases in noncurrent liabilities related to changes in lease payables for leased assets, as another year in the commitments has passed. Additionally, reductions in compensated absences contributed to this decrease due to changes in personnel. See Note 4 for further details on leased assets.
- Deferred inflows decreased by \$20,461.15 due to the annual adjustments in lease receivables for leased assets. See Note 4 for further details on leased assets.
- Total net position increased by \$102,012.86 primarily due to the increase in restricted cash and cash equivalents for current assets and annual adjustments to capitalized leased assets.

Notable changes in the Condensed Statement of Revenues, Expenses, and Changes in Net Position include:

- Total operating revenues decreased by \$5,382.05. This was largely due to an decrease of \$14,139.00 for total pledge and contribution revenues which fluctuate year to year and an offset of other operating revenues, which increased by \$7,342.10 primarily due to an increase in revenues from donated vehicles.
- Total operating expenses decreased by \$45,708.76. Programming and production decreased by \$69,963.89 as a result of a decrease in programming of \$23,591.85 and decreases in programming & production salary costs of \$48,736.79. Broadcasting and engineering expenses increased by \$55,453.07 due to an increase in repairs and maintenance. Expenses decreased by \$34,805.45 for management and general primarily as a result vacant positions.
- Net position increased by \$102,012.86. Though overall revenues were consistent year to year, overall operating expenses in FY25 were less than in FY24.

Economic Forecast

Public Radio East is comprised of two separate networks broadcast over five transmitting stations. It is licensed by the Federal Communications Commission to the Board of Trustees of Craven Community College, (Craven) and does not receive any direct financial support from Craven. The funding needed to operate the stations is the responsibility of PRE. Public Radio East Foundation is a separate 501(c)(3) and was formed to support the operations of PRE. PRE Foundation funds are blended with the operation funds of PRE for the purpose of this financial statement.

Membership revenue in FY25 was down from FY24 with a total of \$793,148.39 reflecting an overall decrease of \$14,139 or 1.8%. We are budgeting \$900,000 in expected membership receipts during FY26.

Federal funding through a Community Service Grant from the Corporation for Public Broadcasting has been eliminated from this year's budget after the defunding of the CPB as of the end of September, 2025. This is a reduction of approximately \$140,000 in operating revenue. We have increased our monthly membership goals to compensate for the change, and fundraising from listeners and community members has been very promising.

Organizational personnel structure is solidifying following the restructuring at the beginning of FY26. New fundraising staff and methods are improving and showing promise. Existing fundraising methods will continue while increased grant funding will be pursued.

Payments received from sustaining members whose donations are made automatically each month have increased. They now account for more than \$30,000 in donations each month which is up from last year's \$21,000 per month. We expect this number to increase with continuing efforts to recruit more sustainers.

Underwriting revenue decreased again in FY25 due to staffing changes and industry trends. Nationally, underwriting customers have cut their marketing budgets in recent years; we are continually looking for new customers by increasing our efforts in more of our service area. We are also researching third-party underwriting sales solutions. Customer service and prospecting continue to improve, and we have budgeted for a total of \$106,167 in underwriting revenue in FY26. This is a reduction in expected revenue which we believe is a correct reflection of market trends.

Public Radio East experienced some financial difficulties over the last several years and needed corrective measures put in place. With the current administrative teams in place – both at PRE and at Craven Community College – we feel that the necessary corrective measures have been enacted and that Public Radio East is on the right track.

**Public Radio East (WTEB-FM) and Affiliate
(A Component Unit of Craven Community College)
Notes to the Financial Statements
June 30, 2025 and 2024**

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Financial Reporting Entity

Public Radio East is a public service radio station whose purpose is to serve the education and cultural needs of Eastern North Carolina. Public Radio East is an entity owned and governed by the Board of Trustees of Craven Community College (College). The College is a component unit of the North Carolina Community College System. Public Radio East Foundation (Foundation) has been established as the gift receiving organization which solicits funds to be used to support Public Radio East. The Foundation is owned and operated by the College. The Foundation's board consists of not less than 15 nor more than 25 directors. As such, the accompanying statements of financial position and related statements of activities, cash include the assets owned by the College and the Foundation designated for use by Public Radio East. Public Radio East is funded mainly by federal grants, indirect support from the College, community fundraising and underwriting contributions.

B. Basis of Presentation

The accompanying financial statements are presented in accordance with accounting principles generally accepted in the United States of America as prescribed by the Governmental Accounting Standards Board (GASB).

Pursuant to the provisions of GASB Statement No. 34, *Basic Financial Statements - and Management's Discussion and Analysis - for State and Local Governments, as amended by GASB Statement No. 35, Basic Financial Statements - and Management's Discussion and Analysis - for Public Colleges and Universities*, the full scope of Public Radio East's activities is considered to be a single business-type activity and accordingly, is reported within a single column in the basic financial statements.

C. Basis of Accounting

The financial statements of the Foundation have been prepared using the economic resource measurement focus and the accrual basis of accounting. Under the accrual basis, revenues are recognized when earned, and expenses are recorded when an obligation has been incurred, regardless of the timing of the cash flows.

Nonexchange transactions, in which Public Radio East receives (or gives) value without directly giving (or receiving) equal value in exchange, include both monetary and in-kind donor contributions. Revenue is recognized, net of estimated uncollectible amounts, as soon as all eligibility requirements imposed by the provider have been met, if probable of collection.

D. Cash and Cash Equivalents

All deposits and expenditures of Public Radio East are maintained by the College's accounting office. PRE's cash accounts are combined with the College's central depository account. PRE cash accounts are "dedicated" with College cash receipts and assigned a percentage of participation based on amounts held. The College maintains its deposits in designated official depositories which are secured as required by State Law.

Public Radio East considers all highly liquid assets with a maturity of three months or less to be cash equivalents.

E. Investments

Generally, investments are reported at fair value, as determined by quoted market prices or estimated amounts determined by management if quoted market prices are not available. Because of the inherent uncertainty in the use of estimates, values that are based on estimates may differ from the values that would have been used had a ready market existed for the investments. The net increase (decrease) in the fair value of investments is recognized as a component of investment income.

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

F. Receivables

Receivables consist of pledges, underwriting, lease, and grants that are verifiable, measurable, and expected to be collected and available for expenditures. Reported receivables are expected to be collected.

G. Restricted Assets

Certain resources are reported as restricted assets because restrictions on asset use change the nature or normal understanding of the availability of the asset. Resources that are not available for current operations and are reported as restricted include resources restricted or designated for the acquisition or construction of capital assets and resources whose use is limited by external parties or statute.

H. Noncurrent Long- Term Liabilities - Noncurrent long-term liabilities include principal amounts of long-term debt and other long-term liabilities that will not be paid within the next fiscal year. Debt is defined as a liability that arises from a contractual obligation to pay cash (or other assets that may be used in lieu of cash) in one or more payments to settle an amount that is fixed at the date the contractual obligation is established. Other long-term liabilities include lease payable.

I. Net Position

Public Radio East's net positions are classified as follows:

Net in Capital Assets - This represents Public Radio East's total investment in capital assets.

Restricted Net Position - The component of net position that reports the constraints placed on the use of net position by either external parties and/or enabling legislation.

Unrestricted Net Position - Unrestricted net position includes resources derived from contributions, grants, interest income, underwriting fees, and the board designated quasi-endowment.

Restricted and unrestricted resources are tracked using a fund accounting system and are spent in accordance with established fund authorities. Fund authorities provide rules for the fund activity and are separately established for restricted and unrestricted activities. When both restricted and unrestricted funds are available for expenditure, the decision for funding is transactional based within the departmental management system in place at PRE.

J. Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

K. Revenue and Expense Recognition

Public Radio East classifies its revenues and expenses as operating or nonoperating in the accompanying Statement of Revenues, Expenses, and Changes in Net Position. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with Public Radio East's principal ongoing operations. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with Public Radio East's principal ongoing operations. Operating expenses are all expense transactions incurred other than those related to capital and noncapital financing or investing activities as defined by *GASB Statement No. 9, Reporting Cash Flows of Proprietary and Nonexpendable Trust Funds and Governmental Entities That Use Proprietary Fund Accounting*.

K. Revenue and Expense Recognition (continued)

Nonoperating revenues include activities that have the characteristics of nonexchange transactions. Revenues from nonexchange transactions that represent subsidies or gifts to the Foundation, as well as investment income, are considered nonoperating since these are investing, capital, or noncapital financing activities. Capital contributions are presented separately after nonoperating revenues and expenses.

L. Income Taxes

Public Radio East and its affiliate are exempt from federal and state income taxes under Internal Revenue Service Code 501(c)(3).

M. Capital Assets

Public Radio East follows the College policy to capitalize assets that have a value or cost of \$5,000 or greater at the date of acquisition and an estimated useful life of more than one year. In addition, grouped acquisitions of machinery and equipment that have an estimated useful life of more than one year and are individually below the \$5,000 threshold are capitalized when the aggregate cost of purchase is greater than \$50,000. Fixed assets are reported at cost or, in the case of donated property, at estimated fair value determined as of the date of receipt. Depreciation is computed on a straight-line basis over the estimated useful lives of the asset as follows:

| Asset Category | Estimated Useful Lives (in years) |
|------------------------------------|--------------------------------------|
| Transmitters and towers | 10-50 |
| Studio and technical equipment | 10-40 |
| Furniture, fixtures, and equipment | 10-50 |

Right-to-use leased and subscription assets are recorded at the present value of payments expected to be made during the lease or subscription term, plus any upfront payments and ancillary charges paid to place the underlying right-to-use asset into service. Lease liabilities are capitalized as a right-to-use asset when the underlying leased asset has a cost of \$10,000 or greater and an estimated useful life of more than one year. Subscription liabilities are capitalized as a right-to-use asset when the underlying subscription asset has a cost of \$100,000 or greater and an estimated useful life of more than one year.

Amortization for right-to-use leased and subscription assets is computed using the straight-line method over the shorter of the lease/subscription term or the underlying asset's estimated useful life. If a lease agreement contains a purchase option Public Radio East is reasonably certain will be exercised, the right-to-use leased asset is amortized over the asset's estimated useful life.

N. Donated Materials and Services

Donated materials are recorded as contributions at their estimated fair values at the date of donation. Contributions of services are recognized in the financial statements if the services enhance or create nonfinancial assets or require specialized skills, are provided by individuals possessing those skills, and would typically need to be purchased if not provided by donation. During the years ended June 30, 2025 and 2024, there was no donated equipment.

O. Corporation for Public Broadcasting Community Service Grants

The Corporation for Public Broadcasting ("CPB") is a private, nonprofit grant-making organization responsible for funding numerous television and radio stations. CPB distributes annual Community Service Grants ("CSG's") to qualifying public broadcasting entities. CSG's are used to augment the financial resources of public broadcasting entities and thereby to enhance the quality of programming and expand the scope of public broadcasting services.

The CSG's are reported on the accompanying financial statements as unrestricted revenues since time and purpose restrictions were all met in the current period.

P. Indirect Administrative Support

Public Radio East receives administrative support from the College. Indirect administrative support consists of allocated institutional support and physical plant costs incurred by the College for which Public Radio East receives benefits. The fair value of this support is recognized in the Statement of Activities as indirect administrative support and also as expense in the management and general functional expense category.

The College also provides office, studio and tower facilities, the benefit for which is included as a building use allowance at the approved rate.

Q. Program Underwriting

Revenues for program underwriting are recorded on a pro-rata basis for the period covered. Underwriting is a term for funds (and in-kind gifts) given by businesses to help support Public Radio East's mission as a non-commercial radio service working in the public interest. The companies who provide underwriting funds, or in-kind goods and/or services, are acknowledged on-air through tightly regulated announcements which, under FCC rules, may not employ wording that is considered commercial in nature. As a nonprofit station, underwriting is an essential element of radio programs. According to National Public Radio guidelines, underwriting is defined as third-party pieces read aloud by the station personnel that are technical and informative, allowing listeners to form their own opinion about the product or service. Unlike advertising, underwriting spots cannot include calls to action and cannot persuade an audience to buy, purchase or donate to a cause.

R. Functional Allocation of Expenses

The costs of providing the various program services and other activities have been summarized on a functional basis in the statement of activities and in the statement of functional expenses. Accordingly, certain costs have been allocated among the program and supporting services on the basis of benefits received.

S. Advertising Costs

Advertising costs are expensed in the period in which they are incurred.

T. Basis of Consolidation

The consolidated financial statements comprise the financial statements of Public Radio East and its subsidiary, Public Radio East Foundation, as of the balance sheet date. The financial statements of the subsidiary are prepared for the same reporting date as Public Radio East.

NOTE 2 – DEPOSITS

All funds of Public Radio East are deposited in College board designated official depositories and are required to be collateralized in accordance with North Carolina General Statute 115D 58.7. Official depositories may be established with any bank or savings and loan association whose principal office is located in North Carolina. The amount shown on the Statement of Net Position as cash and cash equivalents includes deposits in private financial institutions with a carrying amount of \$444,425.87 and bank balance of \$463,579.32 at June 30, 2025. At June 30, 2024, cash and cash equivalents included deposits in private financial institutions with a carrying amount of \$364,093.48 and bank balance of \$385,249.70.

The North Carolina Administrative Code (20 NCAC 7) requires all depositories to collateralize public deposits in excess of federal depository insurance coverage by using one of two methods, dedicated or pooled. Under the dedicated method, a separate escrow account is established by each depository in the name of each local governmental unit and the responsibility of monitoring collateralization rests with the local unit. Under the pooling method, each depository establishes an escrow account in the name of the State Treasurer to secure all of its public deposits. This method shifts the monitoring responsibility from the local unit to the State Treasurer.

Custodial credit risk is the risk that in the event of a bank failure, the College's deposits may not be returned to it. As of June 30, 2025 and 2024, the College's bank balance in excess of federal depository insurance coverage was covered under the pooling method.

Details of "dedicated" cash held by Craven Community College at June 30, 2025 and 2024 were as follows:

| | 2025 | 2024 |
|----------------------------------------|----------------------|----------------------|
| Public Radio East accounts | \$ 362,447.39 | \$ 285,996.49 |

NOTE 4 – LEASES

A. Lessor Arrangements

Public Radio East leases the right to use general infrastructure to an external party. The lease has an initial term of 5 years, with the option to renew for two (2) additional terms of five (5) years each. Lease receivables and related deferred inflows of resources are recorded based on the present value of expected receipts over the term of the respective leases. The expected receipts are discounted using the 10 Year Treasury Risk Free Rate long term average of 4.25%.

During the year Public Radio East did not recognize any variable payment amounts.

During the year ended June 30, 2025, the Affiliate recognized operating revenues related to lessor arrangements totaling \$20,461.15, and nonoperating lease interest income totaling \$7,277.63.

| Classification: | Number of Lease Contracts | Lease Receivable June 30, 2025 | Current Portion | Lease Terms | Interest Rate/ Ranges |

NOTE 4 – LEASES (CONTINUED)

B. Lessee Arrangements

Public Radio East has lease agreements for the right to use land from external parties. The leases expire at various dates, and some have renewal options. Lease liabilities and right-to-use leased assets are recorded based on the present value of expected receipts over the term of the respective leases. The expected payments are discounted using the bank prime loan rate for the fiscal year the lease was initially booked per GASB 87 requirements, or the rate during the current fiscal year for new lease arrangements.

During the year Public Radio East did not recognize any variable payment amounts.

Public Radio East's lessee arrangements at June 30, 2025, are summarized below (excluding short-term leases):

| Classification: | Number of Lease Contracts | Lease Liabilities June 30, 2025 | Current Portion | Lease Terms ⁽¹⁾ | Interest Rate/ Ranges |
|-------------------|---------------------------------|---------------------------------------|--------------------|----------------------------|--------------------------|
| Lessee: | | | | | |

NOTE 7 – INDIRECT ADMINISTRATIVE SUPPORT

Public Radio East receives administrative support from the College. Indirect administrative support consists of allocated institutional support and physical plant costs incurred by the College for which Public Radio East receives benefits. The Government Accounting Standards Board does not provide criteria for recognizing Indirect Administrative Support. As a part of the radio station grant requirements provided by the Corporation for Public Broadcasting, Public Radio East is required to provide the calculation of indirect administrative support. Indirect administrative support for the year ended June 30, 2025 and 2024 are as follows:

| | <u>2025</u> | <u>2024</u> |
|-------------------------------|-----------------------------|-----------------------------|

| Total pledge & underwriting receivables | <u><u>\$ 131,789.38</u></u> | <u><u>\$ 119,279.08</u></u> |

NOTE 9 – BENEFIT PLANS

Substantially all of the permanent employees of Public Radio East are included in the College Retirement Plan. The Plan is a cost sharing multiple employer defined benefit pension plan administered by the North Carolina State Treasurer. Benefit and contribution provisions for the Plan are established by North Carolina general statutes. For the years ended June 30, 2025 and 2024, Public Radio East contributed \$78,380.32 and \$94,215.40. to the Plan.

NOTE 10 – RISK MANAGEMENT

Public Radio East is exposed to various risks of loss related to torts; theft of, damage to, and the destruction of assets; errors and omissions; and natural disasters. These exposures to loss are handled through Craven Community College via a combination of methods, including participation in various risk pools administered by the State of North Carolina, purchase of commercial insurance and self-retention of certain risks.

NOTE 11 – RESTATEMENT

During the previous fiscal year, Public Radio East and its prior auditor identified errors in previously reported net position. As a result, the ending net position for that year was restated to correct the errors and to properly reflect Public Radio East's financial position in accordance with generally accepted accounting principles. The restatement resulted in the following adjustment to beginning net position as of July 1, 2023:

- Net Position: Increase of \$30,000.00
