

I'm Proud To Be Me

By: Persephone

I'm proud to say "I love being me"

Im proud to be weird because i'd rather be
weird than boring, Im proud to have eyes
that sparkle like Imperial Topaz in the light
and are gorgeous like obsidian in the night,

I'm proud to be beautiful even though
others may think otherwise,

I'm proud to look at myself and know i'm
trying my best,

I'm proud to look at myself and know I have
a purpose, I'm proud to know i have made it
this far, I'm proud to look back and know I
have grown from my past mistakes,

I am proud to be me.
