

# NON-PROFIT UNDERWRITING RATES & GUIDELINES

## Overview

KBBI has a long history of being the number one listened to station in the Homer and Anchor Point areas, with a weekly listenership of 5,710 between M-F 6am-7pm for ages 12 and up. With 54.4 % of the total community listening to KBBI, your message will be heard! These ratings are more than double of any other station in the area. *(Statistics provided from an independent surveyor Eastlan Ratings, Fall 2010).*

Reach a broad market with sophisticated messaging, while publicly lending financial support to KBBI before a loyal and engaged audience. Since 1979, no other media source reaches as many homes and businesses throughout our broadcast region, covering much of the Kenai Peninsula, including Kodiak Island and the west side of Cook Inlet. **Because KBBI is an AM station, it reaches locations FM stations cannot.**

## Guidelines

There is a 10 spot minimum buy for one message to be produced per spot type. All messages are voiced by KBBI staff only, and cannot include music or any other background sound. 15 second spots begin with preamble "Support comes from..." This supports consistency and makes messages easy to understand by our listeners. Non-profits and events receive a complimentary post on KBBI's Facebook and Instagram page.

## Discounts

Annual contracts that span one calendar year and include a minimum of 104 spots(2 spots a week) qualify for a 10% discount. We also offer a 10% prepay discount on all contracts.
