LPM provides independent and courageous news, music and experiences that serve the needs and aspirations of our diverse community.

MISSION:

LPM provides independent and courageous news, music and experiences that serve the needs and aspirations of our diverse community.
WHY PARTNER WITH LPM?

**LPM is Louisville’s mainstream.** Decades of community-based investment in mission-driven content and engagement has put LPM at the forefront of Louisville media and other pillar institutions. Because people are the point, not the product, LPM’s impact – almost 290,000 unique monthly listeners and almost 200,000 unique monthly web visitors - has overtaken not just other media, but also arenas, stadiums, sports teams and fireworks shows*.

**LPM leads all other local media in reaching people in the most important areas of influence:** household economics, business leadership, and community engagement*.

**LPM leads the market in user loyalty** by a wide margin – a 43% lead over the #2 media in the percentage of users who make LPM their first listening choice, and a 44% lead over the #2 media in the percentage of users who listen exclusively. This loyalty resulted in listener contributions of almost $3 million last year - even though LPM content is free*.

**LPM leads the market in time spent listening** – almost 290,000 unique listeners generate 3,400,000 hours of listening per month. LPM’s high time spent means you can generate actionable frequency of your message with typically smaller schedules*.

**LPM leads the market in trust.** At a time when trust in traditional media and advertising is at an all time low, LPM has higher trust scores than “word of mouth from a friend”. An amazing 89% of our users agree/strongly agree that they trust LPM content. This trust creates a halo of credibility for you – 80% of LPM listeners say they prefer to take their business to our sponsors**.

ENGAGEMENT OPPORTUNITIES

**Cultural/DEI Content**

Sponsorship of LPM cultural diversity programming will include sponsor mention in all spots/digital content throughout the calendar, as well as a bank of 20 (suggested) monthly on-air messages for custom use by client.

**LPM’s Good News Video Series**

LPM shares stories of positive and uplifting things happening in the city west of Ninth Street. The Good News series was born out of feedback we received directly from west Louisville residents that they rarely see media coverage about the good things happening in their neighborhoods and that social platforms are among their most used forms of media for news and information.

Through at least 24 installments each year, these one-minute video shorts, produced by a local videographer with deep connections in the community, will focus on business, organizations and individuals celebrating culture, spreading joy and serving the community primarily in west Louisville.

**In Conversation**

There’s a lot going on in Louisville, and WFPL’s In Conversation with Rick Howlett gives people a platform to talk — both to each other and with the larger community — about the biggest issues facing our city, state and region. Live at 11 a.m. Eastern time every Friday on our live stream and 89.3 WFPL.

**LPM Podcasts/Incubator**

The LPM Podcast Incubator is designed to make podcasting accessible to people in our community who don’t usually hear themselves represented in public media — people who have great ideas, but don’t have access to the resources to make them happen. It offers these creators significant exposure to one of our community’s largest and most loyal audiences.

The LPM Podcast Incubator prioritizes shows created by and for people of color, marginalized genders and identities, and nontraditional backgrounds.
