WAMC-FM broadcasts 365 days a year to eastern New York and western New England on 90.3 MHz. Our studios and offices are in Albany, NY. The WAMC transmitter is located atop Mount Greylock in Adams, MA. The WAMC-AM transmitter is located in Albany, NY. WAMK’s transmitter is located on Overlook Mountain, Woodstock, NY.
Of course, it is not Thanksgiving, but we at WAMC have a lot to be thankful for. Most of all, we are grateful that we have the kind of membership base that allows us to move forward and continue to grow stronger. That means we can do an even better job for you. When you think of where we began and where we are now, you could shake your head in disbelief.

For starters, there is enough money to keep us going. The more money we are able to raise, the more we can do. I have always said that what we really need is a year’s worth of operating expenses in the bank so that if something catastrophic were to happen, we would be able to survive. We are not there yet, but we are getting close. Thanks to you, our fiscal independence means that we don’t have to be beholden to anyone.

I have noticed that things have changed substantially. People from all over our listening area, some of whom I have never heard from before, are doing whatever they can to keep the ship afloat. During the last fund drive, so many people sent money in to the locked box in advance that by the time on-air drive started, it only took about 45 minutes to raise the remainder of the money. Compare that to the so-called “good old days” when our drives lasted a week or more. It’s really something.

I am amazed when I look at the strength of our staff. There really isn’t a weak link. You couldn’t find a better news director anywhere than our Ian Pickus. What a work ethic the guy has. No matter what time you show up at the station, he is there working at an extraordinary pace. He really does seem egoless. He has recruited and promoted the news staff so that it runs as a well-oiled machine. His number two in the news room, Jim Levulis, is an extraordinary man. Not only does he understand what a manager has to do, but he is on air as much as anyone at the station. What with twenty-nine stations to run, one of our jobs is to make sure that everyone in every part of our coverage area is getting the attention that it deserves. To put it mildly, that is not an easy job. On top of everything else, we have to keep up the credibility of the station by hiring wisely. We can thank our lucky stars that in a time when hiring and keeping employees has proven so difficult, the excellent people of WAMC have stayed with us.

I love hearing from so many of you who tell us what you like and don’t like. I am always interested in what you have to say. Apparently, the little musical interludes on “The Roundtable” are of great interest to our audience. Then there are the Trump lovers and the Trump haters. Our audience is incredibly bright. Clearly they read a lot and they know a great deal. I would describe them as people who are interested in ideas. No matter what particular subject we are discussing on any given day, someone will react in writing. Things got really hot during the crisis in Ukraine and we heard from many of you on our listener comment line and by email. I really appreciate civility in my conversations with you and about 99% of the time, I get it.

So, here’s a big thank you for all you have done and all you are doing.
As we begin to move away from the cold winter weather, we stay vigilant about news happening around the world. As we try to make sense of it all, we welcome the warmer air and embrace all the programming coming your way. What is underwriting you might ask? As a public radio station, we don’t carry conventional advertisements. Instead, we offer sponsorship opportunities in the form of underwriting. Underwriting consists of brief radio announcements, or “credits,” that inform our listeners about what products, services, or events a business or organization offers. The objective, unbiased approach of underwriting strips away the clutter and loaded language of other advertising.

We are extremely grateful to work with hundreds of businesses throughout our listening area. These organizations opt to use their marketing and advertising dollars to share their message with our listeners, all while supporting the station at the same time. We truly appreciate their support and ask you take a moment to support them! View our Underwriting Directory highlighting all of our underwriters from various industries.

Interested in becoming an underwriter?
It’s quick and simple! Visit wamcunderwriting.org/contact-us to get the ball rolling and we’ll take it from there.
