### Upcoming Special Programs

Shadow Class: College Dreamers in Trump's America  
Friday, September 15 at 7 p.m. on WBAA News on 105.9 FM and AM  
920

President Trump is ending Deferred Action for Childhood Arrivals (DACA), a program that allowed some 800,000 undocumented young people to stay and work in the United States. For some, that may mean the end of a dream of going to college. Even before that decision, it was hard for undocumented young people to go to college. APM Reports began following their lives before election. This program, newly updated since the DACA announcement, profiles Dreamers and their opponents and examines a key court case and political forces that led to this moment.
