Mr. William E. Sullivan  
Treasurer and Chief Financial Officer  
Purdue University

We have audited the financial statements of WBAA-AM/FM Radio Station (the “Station”), a public telecommunications entity operated by Purdue University, as of and for the year ended June 30, 2016 and have issued our report thereon dated November 22, 2016. Professional standards require that we provide you with the following information related to our audit.

Our Responsibility Under U.S. Generally Accepted Auditing Standards

As stated in our engagement letter, as extended through amendment #2, addressed to Purdue University and dated June 23, 2016, our responsibility, as described by professional standards, is to express an opinion about whether the financial statements prepared by management with your oversight are fairly presented, in all material respects, in conformity with U.S. generally accepted accounting principles. Our audit of the financial statements does not relieve you or management of your responsibilities. Our responsibility is to plan and perform the audit to obtain reasonable, but not absolute, assurance that the financial statements are free of material misstatement.

As part of our audit, we considered the internal control of WBAA-AM/FM Radio Station. Such considerations were solely for the purpose of determining our audit procedures and not to provide any assurance concerning such internal control.

We are responsible for communicating significant matters related to the audit that are, in our professional judgment, relevant to your responsibilities in overseeing the financial reporting process. However, we are not required to design procedures specifically to identify such matters.

Planned Scope and Timing of the Audit

We performed the audit according to the planned scope and timing previously communicated to you in our meeting about planning matters on October 7, 2016.

Significant Audit Findings

Qualitative Aspects of Accounting Practices

Management is responsible for the selection and use of appropriate accounting policies. In accordance with the terms of our engagement letter, we will advise management about the appropriateness of accounting policies and their application. The significant accounting policies used by WBAA-AM/FM Radio Station are described in Note 1 to the financial statements.

No new accounting policies were adopted and the application of existing policies was not changed during 2016.

We noted no transactions entered into by the Station during the year for which there is a lack of authoritative guidance or consensus.
We noted no significant transactions that have been recognized in the financial statements in a different period than when the transaction occurred.

Accounting estimates are an integral part of the financial statements prepared by management and are based on management’s knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected.

The most sensitive estimate affecting the financial statements was related to the net pension liability based on the Station’s allocation of the overall net pension liability as included in the Indiana Public Retirement System financial statements. We evaluated the key factors and assumptions used to develop the net pension liability in determining that it is reasonable in relation to the financial statements taken as a whole.

The disclosures in the financial statements are neutral, consistent, and clear.

**Difficulties Encountered in Performing the Audit**

We encountered no significant difficulties in dealing with management in performing and completing our audit.

**Disagreements with Management**

For the purpose of this letter, professional standards define a disagreement with management as a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditor’s report. We are pleased to report that no such disagreements arose during the course of our audit.

**Corrected and Uncorrected Misstatements**

Professional standards require us to accumulate all known and likely misstatements identified during the audit, other than those that are trivial, and communicate them to the appropriate level of management. Management has corrected all such misstatements.

**Significant Findings or Issues**

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, business conditions affecting the Station, and business plans and strategies that may affect the risks of material misstatement with management each year prior to retention as the Station’s auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition of our retention.

**Management Representations**

We have requested certain representations from management that are included in the management representation letter dated November 22, 2016.
Management Consultations with Other Independent Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a “second opinion” on certain situations. If a consultation involves application of an accounting principle to the Station’s financial statements or a determination of the type of auditor’s opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

This information is intended solely for the use of WBAA-AM/FM Radio Station and is not intended to be and should not be used by anyone other than this specified party.

Very truly yours,

Plante & Moran, PLLC
