This system was developed by broadcast and cable operators in voluntary cooperation with the Federal Emergency Management Agency, the Federal Communications Commission, and local authorities to keep you informed in the event of an emergency. If this had been an actual emergency an official message would have followed the alert tone you heard at the start of this message. A similar wireless emergency alert test message has been sent to all cell phones in the nation. Some cell phones will receive the message. Others will not. No action is required. .</p>	Download <input type="button" value="Play"/>
