

13 October 2014 09:05

No EAS RWT was received from NOAA/CYS for the period of 10/5/2014 thru 10/11/2014 due to WXM37 being out of service for tower work. This status was obtained via a phone conversation with NOAA Cheyenne at 09:02 13 Oct. 2014 (1-307-772-2468 x 726).

It has since been verified as having returned to service 08:53 13 Oct 2014.
